TEDDY IS GIVEN A DOZEN DELEGATES

Taft Receives Eighteen From Hands of National Committee.

CAROLINA CONTESTS DECIDED

Committee Settles Factional Fight in This State, Seating Butler, Robinson, McNinch and Green. Missouri Divided.

CONTESTS DECIDED

Contests decided yesterday by the Republican National Committee credits delegates as follows:

	Taft.	Roosevelt.
Mississippi	12	0
Missouri	6	8
North Carolina	0	4
Total	18	12
Previously settled	141	1
Total to date	159	13
Total contests		254
Still pending		82

Chicago, June 13.—Eight delegates for Col. Roosevelt and 18 for President Taft marked the day's gains of the two chief rivals for the Republican Presidential Nomination from the decision of contest cases by the Republican National Committee. In addition the committee settled disputes between rival Roosevelt factions in two districts of North Carolina, thus clearing the colonel's title to votes from those sections.

It was a day of Roosevelt victories, but victories achieved with the full acquiescence of the Taft majority on the National Committee.

Missouri's contests, which threatened another battle between the Taft and Roosevelt factions in which the lines would be closely drawn, were compromised so effectively that the committee was unanimous in giving Roosevelt eight and Taft six of the contested delegates from that State.

The decisions today were:

For Taft, two each from the Second, Third, Fourth, Sixth, Seventh and Eighth Mississippi districts; two each from the Third, Seventh and 14th Missouri districts; total 18.

For Roosevelt, four delegates at large from Missouri; two each from the First and Fifth Missouri districts; two each from the Third and Ninth North Carolina districts; total 12.

At the end of a week of constant work over the contested delegates the committee has given President Taft a total of 159 delegates and Col. Roosevelt a total of 13.

In the Ninth North Carolina district the committee seated the McNinch-Green delegation, but the contest did not involve Presidential candidates as both delegations were instructed for Roosevelt. Before taking up this contest, the committee considered the Third district contest and seated the two Roosevelt delegates—Marion Butler and W. S. O'B. Robinson.

When adjournment was taken at 3:15 o'clock it was the belief that other compromises could be effected to dispose of some of the remaining contests without the formality of arguments. In the Missouri cases, as soon as Governor Hadley's Roosevelt delegation had been seated, conferences were undertaken against the Missouri factions, which resulted in the dividing of the contested delegation between Roosevelt and Taft. Similar conferences are expected to result in the consolidation of several of the other State cases before the committee resumes work tomorrow.

These compromises will not affect Texas or Washington, it is understood, but may take in several of the other States. The committee will settle another factional fight in North Carolina tomorrow and will then take up the Third Oklahoma district.

The contests remaining involve two delegates from North Carolina, eight from Tennessee, 30 from Texas, four from Virginia, 14 from Washington, two from Alaska, two from Oklahoma, two from South Carolina, and two from the District of Columbia.

JERKED HIS HEAD OFF

Lumberton, N. C., June 13.—A horrible accident occurred at the Dresden Cotton Mill, in East Lumberton, this afternoon when a ten-year-old boy named Laughton, was instantly killed. The boy was in the basement playing, having a piece of rope or cord of some kind tied around his neck. He is said to have been throwing the end of the cord over a shafting when it became fastened and pulled him up, jerking his head off before he could be rescued. Only yesterday Superintendent Brietz told the lad to leave the mill and stay away. No blame is attached to anyone.

GERMANS DEPART FOR HOME

Great Fighting Ships Pass Out to Sea On Way to Fatherland—Entertainment In United States Was "Overwhelming"

New York, June 13.—Admiral Von Reuben-Paschwitz, with the three fighting ships of the German Imperial Navy, which have been lying in American waters for 10 days, passed out of New York harbor today after a visit which will be memorable on both sides of the Atlantic.

The great dreadnaught cruiser Moltke, one of the swiftest warships in the world, with the smaller cruiser Stettin, after leaving the escort of United States battleships which accompanied them out to sea, steamed direct for Germany, while the cruiser Bremen, which is stationed in American waters left for the South.

The commander of the German squadron and his officers had but one word of description for the strenuous days of entertainment through which they have passed in New York—"overwhelming."

Admiral Von Rebeur-Pachwitz expressed this feeling of the German visitors. He added that he knew their reception would be cordial, but that its stupendousness had surpassed his anticipation. The sailors of the German warships also were enthusiastic over the happy days spent in America.

Both American and German participants agree that the visit has tended to strengthen the feeling of good will between the two nations, although it merely took the character of a visit of courtesy from the German fleet in return for the call paid at Kiel last June by a division of the United States fleet.

The last function attended by the German officers was a luncheon given to them and the officers of the American warships at the Union League Club this afternoon. The affair was quite informal and no set speeches were made, but toasts were exchanged between Admiral Paschwitz and Admiral Winslow.

The scene as the squadron passed out to sea was impressive. The four American battleships and the accompanying torpedo boat destroyers weighed anchor first and as each war craft passed the German vessels the bands on American and foreign craft played their respective National airs. In a single column, the Louisiana leading, the combined fleet steamed down the bay and into the open ocean at Sandy Hook. There the American ships halted and allowed the German boats to pass.

FINE QUESTION OF LAW.

Supreme Court May Pass on Recall of Commerce Court.

Washington, June 13.—The right of Congress to "recall" the judges of the Commerce Court by legislating to reduce the number of circuit judges by five, as contemplated by the Senate, presents a fine question of law which may reach the Supreme Court of the United States, according to officials of the Department of Justice.

A high official of the department today said that Congress could not thus legislate the five judges out of office in view of the constitutional provision that Federal judges shall hold office during good behavior. In establishing the Commerce Court, Congress increased the number of circuit judges by five and stipulated that that number should periodically be assigned to the Commerce Court. The right of Congress to abolish the court is not questioned, but many officials strongly hold to the view that these five judges once appointed cannot be deposed unless the Circuit Courts of Appeals where they serve, in addition to the duties of the Commerce Court, are abandoned.

The line, however, is sharply drawn, many lawyers in Congress claiming that these judges were created for the Commerce Court and in abolishing their functions there the judges likewise are deposed.

Officials of the Department of Justice point out that in case Congress succeeds in abolishing the Commerce Court judges, they may continue their duties as circuit judges and sue for their salaries through the Court of Claims and if necessary appeal to the Supreme Court, where the intricate problem would be determined.

SHRINERS IN ASHEVILLE.

Large Number of Candidates Initiated. Great Banquet.

Asheville, N. C., June 13.—One hundred and sixty-two candidates were initiated as members of the Oasis and Omar Temples of the Mystic Shrine at the annual joint pilgrimage of the two temples which is being held in this city. Eighty-two of the new members reside in South Carolina, and will hold memberships in the Omar Temple, while the remaining 80, who are residents of this State, are now members of the Oasis Temple.

The initiation of the candidates consumed the greater part of yesterday's session. The ceremonies began in the afternoon at the conclusion of the drill by the Arab Patrol and lasted until midnight.

The visitors were guests of honor last night at the most largely attended banquet ever held at the joint pilgrimages.

The Grand Chapter of the Order of the Eastern Star will be in session today and Friday.

Norfolk, Va., June 13.—The 13th annual convention of the Surfmens' Mutual Benefit Association adjourned at Virginia Beach today to meet next year at Washington, D. C. Officers were elected as follows: Arthur Dominy, president; H. N. Holmes, first vice president, and J. T. Wescott, secretary and treasurer.

ROOSEVELT CAMP FILLED WITH JOY

The Day's Events Give Teddy's Forces Cause For Jubilation.

CLAIM VICTORY IS CERTAIN

Dixon Says Roosevelt's Nomination is Sure Thing—Declares National Committee Can't Stand the Strain Much Longer.

Chicago, June 13.—Events of the day gave Roosevelt delegates and leaders their first real cause for jubilation and they were not slow to take advantage of it.

While the National Committee was disposing of the Missouri contests, Roosevelt delegates in Chicago were assembled in the Congress Hotel listening to a speech by William Flinn, of Pennsylvania, who urged that "every man must do his full duty and not give up the fight."

Several hundred men were in the room cheering when news was received that Missouri had been won for Roosevelt in the National Committee.

Francis J. Heney, of San Francisco, brought the tidings. Heney started to wedge his way through the crowd to the rostrum and was about to be recognized by Mr. Flinn when Senator Dixon, the Roosevelt campaign manager, who had been sent for, arrived.

"If Theodore Roosevelt is not wanted by the convention for President of the United States next Tuesday," Senator Dixon declared, "you can back me up against the wall and do anything you want to with me."

Senator Dixon declared that the Republican National Committee could not possibly get enough delegates for Taft to nominate him.

"The members of that National Committee cannot stand the strain of public opinion which is with us, much longer, and you will be the National committee to choose the standard bearer a few days from now."

Mr. Heney then took the rostrum. When he announced that the National Committee had given the Missouri delegates at large to Roosevelt there was a tumult and then Mr. Flinn asked: "After that, do you still compare the National Committee to the 40 thieves?"

"Yes," responded Heney. "I still compare some of the committee to the 40 thieves."

"But don't you think the committee is improving?" Flinn continued.

"Only as to results," said Heney.

Governor Stubbs, of Kansas; William Allen White, Edward C. Carrington, of the Maryland delegation, and others shared in stirring up enthusiasm. Mr. Carrington caused cheers by making the prediction that the electors to be chosen in Maryland probably would be found with the electors of West Virginia and Pennsylvania, in supporting Roosevelt in the electoral college, even though he should not be named as the Repubican candidate.

Following this meeting the members of the National Committee began to arrive from the adjourned meeting at the Coliseum and they were at once surrounded and pressed for explanations of the sudden adjournment following the Missouri contest decision in Roosevelt's favor.

Arthur I. Vorys, of Ohio, who was not present, was considerably impressed by the news and at once sought out Senator Crane. The Senator allayed Mr. Vorys' apprehension by suggesting that the committee adjourned to give attorneys time to prepare other cases. Senator Borah, of Idaho, said he was ignorant of the reason for the sudden adjournment and said that it was at the request of Senator Crane. Mr. Borah said he thought it possible that some of the committee leaders had been fooled on evidence in the Missouri contest and wished to look carefully into the evidence in the Washington and Texas contests before bringing them up in the committee for action. These contests, like Missouri, were instituted by the Taft forces.

Senator Dixon declared that the Taft leaders on the committee had been frightened by desertions from their own ranks.

"I positively know," said Mr. Dixon, that two members of the National Committee who have been voting with the 'steam roller', served notice last night that they would go no further in unseating Roosevelt delegates who had been regularly chosen. I know who they are and could name them if I would. There are other members of the committee who cannot stand the strain much longer. That's why Penrose and Crane fled to cover this afternoon to counsel on a change of plans."

The Roosevelt campaign manager made the flat declaration that the Roosevelt forces would control the temporary organization of the convention and that Roosevelt would be nominated.

The Senator, however, admitted that the control of the temporary organization might not mean that the Roosevelt forces would control the Credentials Committee, because each member of that committee is selected by his State delegation and not by the convention.

"All the evidence in all the contests before the National Committee will have to be gone over again," said Mr. Dixon, "and there may be Taft men

(Continued on Page Eight.)

BITTERLY ATTACKS PRESIDENT

During Consideration of Appropriation Bill Fitzgerald Charges Taft With Misuse of Traveling Expense Fund

Washington, June 13.—Charging that President Taft had misused the $25,000 traveling expense fund voted yearly by Congress, Chairman Fitzgerald, of the House Appropriations Committee, today bitterly attacked the President during consideration of the Sundry Civil Appropriation bill. He declared the President on his recent Western trip had mulcted the accompanying newspaper and secret service men, in spite of protests, to bolster his depleted funds.

"It is deplorable," he said, "to have to state these facts to this House and to the country."

Mr. Fitzgerald declared, however, he would vote for the item, which eventually was adopted 78 to 55. He said facetiously that he believed it would "pay the Democratic party and the country if the President traveled the year around." He then referred directly to the President's Western trip.

"What happened in order to enable him to make this trip?" he demanded. "The cost of a special train to be utilized by the President in that trip was figured out in advance. The pro rata cost of each person was figured out and every newspaper man who accompanied that train was requested to pay $1,500, to pay for his expenses. Out of the fund for the suppression of counterfeiting and the protection of the President of the United States $4,500 was taken to defray the expenses upon the train of three employes of the secret service, against the protest of the acting chief of the secret service that to do so would create a deficiency in that appropriation."

Former Speaker Cannon, Representative Gillett, of Massachusetts, and Representative Shirley, of Kentucky, Democrat, argued in favor of the item. They held that it was necessary that the President see the country and that the country see the President. Representative Page, of North Carolina, Democrat, who offered the amendment striking out the appropriation, declared the money was being voted in order to enable "gatherings at county fairs to elect exhibit A, as their President of the United States."

GIRLS AS "BLACKHANDERS."

Accused of Having Sent Letter to Physician Demanding $2,000.

Lewiston, Me., June 12.—Mary Gurklis, 18 years old, and her sister, Anna, were arrested today, charged with having sent a so-called "Black Hand" letter to Dr. Joseph W. Scannell, a physician of this city.

The specific charge is fraudulent use of the mails. A letter, demanding the payment of $2,000, to be put into a tin can and buried in Riverside cemetery not later than yesterday, was received recently by Dr. Scannell, it is alleged. After arranging with detectives the doctor put a check for the amount in a can and buried it last night.

The two girls, it is alleged, went to the cemetery today, and a detective saw one of them withdraw the check from the can.

Apollo, Pa., June 13.—A large posse is scouring the hills today in search of an Italian who after he had insulted a woman at a picture show here last night, followed her into the street. William Burkett, who witnessed the incident, knocked the man down and as the Italian lay on the ground he opened fire, fatally wounding Frank Barber, a bystander and seriously injured Burkett and Nelson Weinell.

OUTLINES

The German naval visitors after another day of entertainment left New York yesterday on their return to the Fatherland.

Wesley Edwards, a member of the Allen clan which shot up the Hillsville court on March 14th, was captured yesterday afternoon at Clay City, Ky.

During the consideration of the army bill conference report in the House yesterday, which was adopted, sensational charges against Major General Wood were aired.

Evidence was introduced at the money trust inquiry yesterday tending to show that the U. S. Treasury and not J. P. Morgan furnished the money to New York banks during the panic of 1907.

Chairman Fitzgerald, of the Appropriation Committee, bitterly attacked Taft yesterday and charged him with misuse of his traveling expense fund, which was brought up in consideration of the appropriation bill.

The Roosevelt forces had the first real cause for jubilation yesterday when the majority of the Missouri contests were decided in their favor. Senator Dixon declared the National Committee could stand the strain no longer and victory was assured.

Twelve delegates for Roosevelt and 18 for Taft was the result of the contest decisions of the National committee yesterday, the former being given four delegates from North Carolina and eight from Missouri, while the President received 12 from Mississippi and six from Missouri.

New York markets: Money on call steady, 2 3-4 to 3 per cent.; ruling rate 2 3-4. Spot cotton closed quiet. Flour quiet. Wheat, spot weak; No. 2 red 1.18 1-2 domestic basis to arrive and export 1.18 1-2 f.o.b. afloat to arrive. Corn, spot steady; export 82 3-4 f.o.b. afloat. Turpentine easy. Rosin quiet.

SENSATION AIRED IN HOUSE DEBATE

Startling Charges of Intrigue Preferred Against General Wood.

REPORT ON ARMY BILL PASSED

Powerful Interests Would Legislate Chief of Staff Out of Office to Give Another Man the Job, It Was Charged.

Washington, June 13.—Startling charges of intrigue against Major General Leonard Wood, chief of staff of the army, begun by the late Senator Marcus Hanna and kept alive by his friends, were only part of a series of sensations which attended the adoption by the House today of the Army Appropriation bill conference report.

References to a Western Senator, whose son-in-law, Brigadier General Pershing, would be one of the first officers in line for appointment to Gen. Wood's office if President Taft signs the bill which carries an amendment to depose the chief of staff; allusions to Major General Charles F. Humphrey, as "the agent for the powder trust"; and to Senator Dupont's former connection with the powder business furnished other incidents in what perhaps was as stormy an afternoon as the House had seen in many a day.

Nevertheless, in spite of a vain fight by Representatives Prince Cooper and Martin, the House adopted the report which had been approved by its conferees and accepted by the Senate and if President Taft signs the bill, as it is said he will, Gen. Wood will be removed from his office on March 4th, 1913, and the retention or disposal of many army posts, which the War Department has characterized as useless, will be left to a commission.

Representative Prince began the fight, characterizing the report as an "insult to the army, the House and the country," and in the debate which followed, Representative Cooper brought in the name of Senator Mann.

"In all my public career," Mr. Cooper said, "I know of no officer who has been so malignantly misrepresented as General Wood. I was told on the very best authority that when General Wood was in charge of affairs in Cuba a certain Senator asked him what he proposed to do about Major Rathbone, director of posts of Cuba, then involved in the postal frauds.

"Senator," responded Good, "I propose to prosecute him."

"'Do that Wood,' replied the Senator, 'and I will see to it that you never rise higher than captain in the service'.

"Since that time," continued Mr. Cooper, "that Senator and his powerful friends have hounded him."

The inter-change which followed brought in the name of Senator Hanna.

Representative Martin, of Colorado, followed with an attack upon one of the Senate conferees, and pointed out that among the army posts which the War Department proposed to abolish, but which would now be left to the disposal of a commission, was Fort Russell, near Cheyenne, Wyo.

He also made reference to Brigadier General Pershing and his rapid rise in the army. The general is a son-in-law of Senator Warren, of Wyoming, chairman of the Senate Appropriations Committee, former chairman of the Senate Military Affairs Committee and one of the conferees on the bill.

"Undoubtedly there are gentlemen whose condition would be improved if Gen. Wood were legislated out of office," shouted Mr. Martin. "Men in the army who are sons-in-law of legislators and who have been allowed to jump 700 numbers over the heads of other officers to a brigadier generalship, would have a better chance of promotion if a man of Gen. Wood's type were disqualified." He referred to Gen. Wood as "the best man in the American army today."

In the names of the commission of retired officers which would dispose of the posts, was that of Gen. Humphrey and Mr. Martin demanded to know if the general had advised the House conferees. Chairman Hay, of the Military Affairs Committee, admitted it was so.

"Well, retorted Representative Martin, "Gen. Humphrey, as you well know, is the agent of the powder trust."

Representative Cooper interrupted to ask if Senator Dupont had not been one of the Senate conferees on the bill. Chairman Hay replied that the Senator repeatedly had declared he had severad his connection with the Dupont Powder Companies when he entered public life.

Minority Leader Mann agreed with Mr. Martin's view regarding Gen. Humphrey.

"With his connection with a concern that sells supplies to the army we would cast odium upon ourselves if we were to appoint him," he said. "Such an appointment would be contrary to all sense of justice."

When the supporters of the bill got their innings Chairman Hay declared Gen. Wood's removal was for the good of the army and that the general had proved himself "an incompetent chief of staff."

The report carrying all the so-called anti-administration amendments was finally accepted 121 to 92. It now goes to the President.

War Department officials maintain it would disrupt the general staff and overturn the army organization. There are hints that its constitutionality may be tested if it becomes law. Many members of both Houses hold that the disputed amendments are not proper in an appropriation bill.

GOVERNMENT SUPPLIED COIN

Evidence is Introduced at Money Trust Inquiry Tending to Show Treasury, and Not Morgan, Stopped Panic.

New York, June 13.—Evidence intended to show that the $25,000,000 which J. P. Morgan has been generally credited with placing upon the New York Stock Exchange during the panic of 1907, was really supplied by the Treasury of the United States, was introduced today at the hearing of the Pujo Committee of the House of Representatives, that is investigating the so-called money trust. Samuel Untermyer, counsel for the committee, obtained from George B. Cortelyou, Secretary of the Treasury under the Roosevelt administration, the assertion that he "understood" that the money loaned by the government to the banks at that time was to be used on the stock exchange.

From the New York sub-treasury the attorney secured a statement showing that on the day, October 24th, on which Mr. Morgan told R. H. Thomas, president of the exchange, to announce the $25,000,000 loan to the exchange loan brokers, the government had deposited with the banks nearly $29,000,000.

From Charles Steele, a partner of J. P. Morgan, he obtained a statement showing that 14 banks had "agreed to loan" to the stock exchange on that day.

The total amount "agreed to" was $23,550,000, but the amount actually loaned, according to the statement, was $18,945,000. All these banks, the sub-treasury statement showed, had previously received deposits of government money.

The statement from the sub-treasury was obtained after Mr. Untermyer had failed to procure from Mr. Cortelyou the names of the banks in which he deposited government funds, which the witness testified amounted to about $42,000,000 during the panic. Mr. Cortelyou could not recall specifically what banks received money.

Mr. Untermyer was trying to bring out that some of the so-called Morgan banks received deposits. The list furnished by Mr. Steele included the First National, the National City, the Hanover National, the National Bank of Commerce and several others which Mr. Untermyer noted as having Morgan affiliations. The attorney read into the records from the two list comparisons showing that on October 24th the First National had received $9,250,000 in government deposits; "had agreed to loan" on the stock exchange $4,000,000 and had actually loaned $2,680,000. He made similar comparisons for other banks. Mr. Cortelyou said that he had not been aware that the banks "under Mr. Morgan's guidance had loaned money on the stock exchange in proportion to the amounts they received from the government", but Mr. Steele testified the Morgan brokers had been sent to the exchange to announce that money was available and to say at what banks loans could be secured. Mr. Morgan, Mr. Cortelyou conceded, was "the leader in the movement."

Chairman Pujo announced that future hearings will be held in Washington.

S. A. L. STOCK TRANSFERRED.

Warfield and Associates Complete Payment for Seaboard Road.

New York, June 13.—Payment was completed today for the Seaboard stocks formerly owned by the Cumberland Corporation and delivery was made to the purchasers, consisting of S. Davies Warfield, of Baltimore, and his associates. The amount involved was more than $8.000,000, representing 90,000 shares of preferred and 120,000 shares of common stock of the Seaboard Air Line Railway.

Such members of this syndicate as were announced by Mr. Warfield at the time the statement of purchase was made, are subscribers to the syndicate in personal capacities and not as representing the several banks and trust companies with which they are connected, as has been reported, it was declared at the road's offices today.

It is understood that the Southern interests which have now become identified with the property, will later be largely represented on the board.

GAVE UP MILLIONS TO BE NUN.

Former Society Woman Will Sail Abroad to Receive Black Veil

New York, June 12.—Having just received the white veil of a postulant in the Convent of Marie Reparatrice, Mrs. Gertrude Haile Lanman, of Norwich, Conn., widow of William Camp Lanman, who gave up a fortune of nearly $1,000,000 when she entered the cloister, will sail next week for the mother house of the order in Belgium, to spend two years in study and devotional exercises preparatory to receiving the black veil of a professed nun.

Mrs. Lanman is a strikingly beautiful woman, widely known in society in this city and abroad. On her mother's side she is descended from the Mays of Savannah, Ga., a family of wealth and prominence.

Before taking this step last September Mrs. Lanman is reported to have turned her estate into cash and turned it over to the order so that she might take the vow of voluntary poverty.

MACK LOOKS OVER CONVENTION HALL

Democratic Chairman Pleased With Arrangements For Meeting.

CHAIRMANSHIP IS DICUSSED

Mr. Mack Says Question Is Still Unsettled—Denies That He Will Retire As Chairman of National Committee

Baltimore, June 13.—National Chairman Mack came to Baltimore tonight and after officially opening the headquarters of the Democratic National Committee at the Belvedere made an inspection of the convention hall. The National chairman was accompanied from New York by National Committeeman Roger Sullivan, of Illinois; Secretary Urey Woodson, of Kentucky and Assistant Treasurer J. P. Dooloth. The party was joined here by National Committeeman Goltra, of Missouri, who spent the day in Washington conferring with Speaker Champ Clark.

Chairman Mack and his fellow National committeemen were delighted with the convention hall and made a careful inspection of the building.

"It is the most remarkable convention hall I have ever seen," said Chairman Mack, "and I have attended many Democratic, as well as Republican conventions. The credit for what has been done should go to Robert Crain, chairman of the local committee. He has made this possible for the Democratic delegates and their friends."

Chairman Mack said tonight that the question of temporary chairmanship was still unsettled, saying:

"We have talked about Judge Parker, Senator O'Gorman, Ollie James, Senator Kern and others for temporary presiding officer and that is as far as we have got. As for the permanent chairmanship, that is a matter for the committee on permanent organization."

"What about the Presidential candidates?" he was asked.

"I can say this, that there will be no serious conferences on the Presidential nomination until after the Chicago convention," replied Chairman Mack, who added that the principal planks in the Baltimore platform would be the tariff, the high cost of living and the trusts.

Chairman Mack denied reports that he would retire from the chairmanship of the National Committee.

Cardinal Gibbons, it was announced tonight, will deliver the invocation at the opening of the convention.

Big States May Support One Man

New York, June 13.—Norman E. Mack, chairman of the Democratic National Committee; Urey Woodson, secretary, and Roger C. Sullivan, the Illinois leader, left New York this afternoon for Baltimore to take up the preliminary work of the convention there. Thomas Taggart, National committeeman from Indiana, was expected here tonight.

Before their departure for Baltimore, Messrs. Mack and Sullivan discussed the situation with Charles Murphy, the Tammany Hall leader. Their meeting gave rise to reports that a plan of mutual support by New York, Illinois and Indiana for a candidate at Baltimore was under consideration, in case there should be no nomination by the convention upon the first few ballots. While Kentucky and Illinois delegates are for Clark, it was pointed out that New York is unpledged and that the Indiana delegation's support of Governor Marshall might be shifted to another candidate after a few ballots.

According to some of the most influential local traders New York's delegates expect to vote for Mayor Gaynor or Governor Dix on the first ballot, unless plans are changed at a conference to be held after the delegation reaches Baltimore. Among the candidates whom these leaders said were under consideration by the New York delegation for succeeding ballots, besides Mayor Gaynor, are Champ Clark and Governor Harmon, whose campaign manager, Lieutenant Governor Nichols, of Ohio, held a conference yesterday with Mr. Mack.

FIRE AT COLUMBIA.

Seed House of Southern Cotton Oil Company Burns.

Columbia, S. C., June 13.—Fire of unknown origin destroyed the large seed house of the Southern Cotton Oil Company, near the corner of Gadsden and Green streets, last night, causing a loss estimated at from $40,000 to $50,000. The entire plant of the company, which is the largest east of the Mississippi river, was threatened for a time. The building destroyed was 400 by 400 feet and contained some machinery and some products of the company. There were several hundred tons of cotton seed in the building. The mill closed down several days ago. Several box cars loaded with linters standing on the side tracks in the yards were destroyed, as were several carloads of lumber.

Officials of the company said that the loss was fully covered by insurance.

INSURGENTS ROUTED.

The Cuban Regulars Kill and Wound Many Insurrectos.

Santiago, June 13.—Cuban forces commanded by Col. Valiente and Captains Amil and Delljado yesterday encountered insurgents under Gens. Estenoz and Ivonet at Jarahueca, about 25 miles to the north of Santiago. The regulars completely routed the insurgents, killing and wounding many and capturing 100 horses and a large quantity of ammunition and supplies. A Cuban flag and a pocket book containing a portrait of Estenoz's wife, and a license issued to Estenoz to carry arms, were picked up on the field.

THE HANOVER INN

The distinctive dining room service of the Hanover Inn at Wrightsville Beach is attracting much favorable comment from the Wilmington people, and supper parties are a regular evening feature at this classy new hotel.

Manager Warren L. Williams is a caterer of note, and gives his close personal attention to the details of every department, assisted by ao carefully-selected crew of kitchen and dining room help.

An auxiliary steam table was installed yesterday, and the special Sea Food Suppers will hereafter be served to the individual order of each guest. This does not interfere with the regular table d'hote meals which will be kept up to the high standard set by Hanover Inn from its opening.

Below is a reproduction of the supper bill for Thursday, which is fairly typical of the elegant meals the guests of Hanover Inn are enjoying every evening from 6:30 to 8:30.

THURSDAY, JUNE 13
Clam Broth
Melon Mangoes Queen Olives

Fried Pig Fish, "Inn Style"
Georgia Corn Cakes

Broiled Western Beefsteak plain or with Onions
Fried Soft-shell Crabs, Tartar
French Fried Potatoes
Pearl Grits
Eggs or Omelettes to your order
Welsh Rarebit
Compote of Rice with Prunes

Cold
Roast Beef Smoked Tongue
Boiled Ham
Iced Fresh Shrimp
Sliced Tomatoes
Deviled Crabs with Pimentoes

Griddle Cakes with Karo or Maple Syrup
Dry, Buttered, or Milk Toast
Hot Rolls

Sliced Bananas with Cream
Preserved Fruits Assorted Cake

Mocha and Java Iced Tea
Newly-churned Buttermilk

AMERICAN ATHLETES LEAVE.

Depart for Olympiad on Steamer Finland—Swell Quarters.

New York, June 13.—The American athletes who sail for Stockholm today will travel and live in far greater comfort and have better opportunities for practice than any of the other four teams which the United States has sent across the sea for the Olympic games. By chartering a large ocean liner for the exclusive use of the athletes and their followers, the American committee has overcome many of the hardships which have beset the other journeys and undoubtedly handicapped the athletes, although the records of victories necessitate no apologies.

Once the athletes have set foot on the steamer Finland at New York today, they will make the big ship their only home until their return early in August. They will be away nearly seven weeks, perhaps longer, but during all that time it will probably not be necessary for them to undergo a single change in diet. At Stockholm they will evade the general scramble for hotel accommodations by keeping their quarters aboard ship.

It is doubtful if the Atlantic ocean has ever witnessed such an athletic carnival as will take place en route with three score and more sprinters and runners, hurdlers and jumpers and weight men at practice. Trainer Murphy will limit the work to a minimum for training purposes, but even without extra effort it is certain that with so many crack athletes mid-Atlantic records will all be set anew.

The Finland is a much larger craft than those used in previous Olympic trips. Her main deck is large enough for a track of eight laps to the mile, and there is plenty of room for jumping pits and places for the shot-putters and weight men to work. The boat has a fine gymnasium and a large swimming tank.

It is said that the athletes will not be permitted to weak spiked shoes when running on deck, but the steamship officials have helped by laying a five-foot rubber mat around the furlong circuit of the boat, which will tend to avert the danger of the runners falling. Big wooden boxes filled with dirt have been placed on board ship as pits for the jumpers and pole vaulters and weight men.

ITALIANS DEFEAT TURKS

Turkish Forces Defeated and Left Over 400 Dead

Washington, June 13.—In a fierce battle between a combined force of Turkish soldiers and Arab forces and the Italian troops at Lebda, near Tripoli City, the Turkish forces were defeated and retreated, leaving 421 dead soldiers on the battlefield. The Italians lost 31 men killed and 51 wounded.

A dispatch received by the Italian ambassador here announced that the Italian forces had been attacked yesterday by the Turks and Arabs. The Italians, commanded by General Reisoli, who made a counter-attack, succeeded in turning the enemy's flank and gaining a position in its rear. The Turkish and Arab forces were completely routed and fled in confusion, leaving their dead behind.

FARM DEMONSTRATIONS

Two Many Lawyers and Doctors; Not Enough Educated Farmers

Washington, D. C., June 13.—The Secretary of Agriculture said today: "The Department of Agriculture is organizing just now to take farm demonstration work into the Northern States. Two classes of men are required for this work: First, in each county a first rate farmer who has been a success on his farm and who understands practically, without much theory except what he may have incidentally picked up, how to handle the soil, the plant, and the animal; second, over large districts and States a different class of men is wanted, who have an agricultural college training combined with its application to practice in the field. As we read the daily papers and see the reports of the thousands of young men who are graduated in law throughout the country, the reflection naturally comes, what a pity that the great demand of the farm for intelligent men is not being more considered by our educational institutions. There is not law work for more than a small per cent of these young men. No doubt the education and mental training they have had will make them brighter men, but there are no jobs waiting for them, that is for more than a very small percentage of them, while the fields are crying aloud for trained men. Housekeepers are complaining of the cost of living. It would seem to be wise for our educators in their national meetings to consider these problems. It might be wise to consider about how many young lawyers will be needed in the next year to take the place of the older men who are dropping out. That could be very easily determined. Then, if the attention of this class of students were called to the demand of the industries for educated men, a different direction might be given to many young men who seem to be 'drawing their bows at a venture.'

"This applies to more than the lawyer. There are no doubt far more young physicians being turned out from the educational institutions of the country than there are patients for. Wrong direction has been given to the education of many young men, and yet there is nothing more difficult to change than the old systems of education.

"In his sixth annual report (1911), as President of the Carnegie Foundation for the Advancement of Teaching, Dr. Henry S. Pritchett says: 'According to the census tables there were in the United States in 1900, 132,000 physicians and surgeons. In the bulletin on medical education issued by the Foundation in 1910, it was calculated after careful investigation that 2,000 graduated annually from the medical schools would furnish an ample supply of new physicians to take the places left vacant by death and other causes, and to keep pace with the growth of population. Assuming, and it is evidently an extravagant assumption, that the proportion of lawyers to the population should be as large as the proportion of physicians, 1,700 graduates annually from the law schools would be sufficient to maintain even the present crowded stage of the legal profession. As a matter of fact, in June, 1910, the number of students graduated by the law schools numbered 4,183; and this takes no account of the large percentage of lawyers who are admitted to the bar without having received a law school diploma. If we place the per capita need of a lawyer at the same figure as the need of a physician, and disregard all who enter the profession without completing successfully a law school course, it is evident that the output of the law schools of the present day is far in excess of any necessary demand.'

"It is certain that the demand for lawyers and physicians is much more than met by the professional schools today. It is equally certain that the demand for educated farmers is strikingly neglected."

SMALL CITY FARMERS.

Department of Agriculture Being Interested in His Behalf.

Washington, D. C., June 13.—The Chief of the Bureau of Plant Industry, Dr. B. T. Galloway, has called to the attention of the Secretary of Agriculture the increasing need for disseminating information which will be helpful to the thousands of city people and others who are being encouraged to put their savings into various land selling, orchard growing, crop producing propositions. Owing to the extensive advertising propaganda, many people with little or no knowledge of agricultural matters are being led to invest money in projects which by no reasonable chance can ever be made to pay the profits claimed for them. Secretary Wilson is very much interested in this matter and has issued instructions that full data be gathered in order that the department, through its publications and correspondence shall be in direct position to aid those who have been attracted by the promise of good investments, but who would like to obtain reliable facts before taking action.

The Sand Fiddlers Lost.

The Seniors defeated the Sand Fiddlers in a fairly interesting indoor baseball game at the Y. M. C. A. gymnasium last night by a score of 10 to 5. The contest was a close one until the latter part of the game, when the Seniors spurted with a lucky streak and put the victory on ice. The attendance was good, and included a number of the fair sex.

New York, June 13.—The China famine relief committee announced today through its secretary that cabled word had been received from China indicating that there is no further need for help from this country at this time for the relief of famine sufferers.

THE CONGRESSIONAL PRIMARY

Solicitor Sinclair's Friends Are Confident—Fitness of Cumberland's Candidate for the Place—A Strong Campaign

(Special Star Correspondence.)

Fayetteville, N. C., June 13.—The Republican National Convention is not the only big political event to be pulled off on June 18th. It is also the date of the Democratic Congressional primary of the Sixth district, the outcome of which will be watched with great interest by the Democratic voters of the district and State.

Four candidates were mentioned in the earlier stages of the contest: Godwin, of Harnett (the incumbent); Sinclair, of Cumberland: Brown, of Columbus, and Bellamy, of Brunswick. Only Sinclair and Godwin qualified to enter the race, however.

The campaign has been vigorous but quietly conducted on both sides, and it is impossible at this writing to forecast the result of the primary.

While freely conceding to the present Representative, Mr. Godwin, unusual industry in securing aid from the various departments of the government for the district, there are those who insist that a Congressman's efficiency is not measured by this standard alone.

Though closing his third consecutive term, it is pointed out that as yet, Mr. Godwin has developed no strength in a quarter where strong men are needed—upon the floor of Congress.

Here the great battles in behalf of popular government are fought out, and here great issues are determined.

There has never been a time when the Nation and the State needed the services of its strongest men more than now, in a time of National crisis; and the place of greatest service is in the National Legislature at Washington.

Mr. Sinclair, in the opinion of his friends, would prove powerful in debate, wise and strong as a legislator, the unyielding foe of the interests, and a stalwart champion of the people's cause in the National Congress.

At the same time, they aver, he would neglect no legitimate interest of his constituents connected with the various departments of the government at Washington, but would accord to every interest in his district, if elected, the same fidelity and zeal that has characterized his administration of the office of State Solicitor of his judicial district the past six years.

As a campaigner, Solicitor Sinclair is unsurpassed, and probably unequalled, by any man in the Cape Fear country. For ten years past, he has canvassed extensively throughout the Cape Fear section and Eastern Carolina, always to the edification and delight of the great crowds who turn out to hear him.

The Fayetteville Observer, in speaking of his fine work in the hard-fought campaign of 1908, pays him the following deserved tribute in its issue of Tuesday, November 3rd, 1908:

"Hon. N. A. Sinclair was on the programme for the principal speech of the evening, and he was saved for the last. The introduction by Mr. Rose led the great crowd present to believe they were going to hear a good speech, but nothing comparable to what they did hear.

"It was undoubtedly one of the best speeches we ever heard. Masterly, logical, convincing, it was delivered with great force and eloquence. It was such a speech as wins, and gets votes. For an hour and fifteen minutes Mr. Sinclair held the closest attention of the audience, and at times one could have heard a pin drop; then again the people would rise to their feet and cheer. It was a great speech."

As to the relative strength of the two candidates no estimates have been published, and no figures given out, so far as known. Sinclair will carry his home county by a good majority; likewise Mr. Godwin will carry his. This is about the only thing that seems certain thus far.

Mr. Sinclair is reported strong in Robeson, the county of his birth; in Bladen, and in New Hanover, and is expected to poll a heavy vote in Columbus and Brunswick as well. Just what that vote will be, is the "X" of the political problem which the voters of the district will shortly work out in their own way. Thus far, they have been laying low and saying little. The Godwin landslide of two years ago will not be repeated. That much is certain. Conditions are altogether different. Mr. Godwin has no Wrightsville convention with which to work upon the sympathies of the people this time. His "fight" for a districtwide primary was really no fight at all, since no one opposed it, the only question of difference being the date, Godwin favoring a day in May, Sinclair a day in August, and the committee fixing upon June 18.

Believing the Sixth district owes it to the State and Nation to send her ablest and strongest men to Washington, the friends of Mr. Sinclair are strongly urging his claims in the present contest, upon the grounds of his acknoldeged abilities, his large experience in public affairs, his wisdom and sound judgment, and his preeminent fitness from every standpoint for the high and responsible position of a Representative in Congress.

And they believe he will win.

FAIRMONT EGGS ANOTHER.

Score Five to Nothing With Boardman on Wednesday Afternoon.

(Special Star Correspondence.)

Fairmont, N. C., June 12.—Fairmont goose-egged the strong Boardman aggregation today on the latter's diamond by a score of 5 to 0. Devane for Fairmont pitched great ball, letting them down with four scattered hits. Fairmont touched up the wonderful Trawbridge for ten safeties. The features were the pitching and catching of Devane and Tate, the batting of C. Thompson and the all-round fielding of the Fairmont team.

Move on Now!

says a policeman to a street crowd, and whacks heads if it don't. "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't bulldoze the bowels. They gently persuade them to right action, and health follows. 25c at R. R. Bellamy.

STATE EPWORTH LEAGUE.

Conferences in Kinston—Row at Picture Show—Other Notes.

(Special Star Correspondence.)

Kinston, N. C., June 13.—At 8:15 o'clock last night, the North Carolina Conference of the Epworth League was formally convened in annual session in Queen Street Methodist church in this city. Over 150 delegates and other out-of-town visitors were present, and a throng which filled the splendid new edifice attended as proof of local interest in the meeting.

The president, Rev. W. H. Brown, of Gatesville, presided over the body. Rev. F. S. Love, pastor of Queen Street church, and John C. Hood, of the local league, made the welcoming addresses, while Prof. W. H. Peele, of Trinity Park High School, Durham, responded. Practically no business was transacted aside from organizing the conference and calling the roll of delegates. A social hour, with frequent musical selections, in the auditorium of the church was a delightful feature of the evening. At 9 o'clock this morning a devotional service was held, conducted by Rev. J. E. Underwood. This was followed by institute work in the first and third and junior departments, after which a song service and an address by Rev. J. C. Wooten, pastor of Grace Street church, Wilmington, were heard. The entire five days of the conference will be full of interest, and the list of leaguers and others in attendance embraces many prominent workers from all parts of North Carolina. The famous "Conference Quartette" is an especial attraction at each session.

As the result of an alleged malicious attack upon Paul Bond, a well known young man of this city, Bond is in bed from his injuries, one white man is in jail and a negro is sought by the police. Bond with several companions was in the neighborhood of a moving picture show operated for negroes, when he was assaulted. A negro boy who is in Bond's employ had offended the white proprietor of the show, Jack Shey, and Shey with a negro assistant was chasing the boy with an idea of taking summary revenge, when the young negro saw his employer and hastened to ask him to intercede. Both Shey and his assistant were armed with steel pliers, and with little ceremony they used them effectively on young Bond, the white man first striking him and the negro then knocking him down. J. T. Midyette, who was with Mr. Bond, received a slight knife wound when he sought to interfere. Shey was arrested and is being held for Superior Court in default of bond, while the negro escaped. Bond's injuries are severe, although not expected to be fatal.

In Superior Court here two cases of note were disposed of. In Midyette vs. Insurance Company the plaintiff was awarded $1,835, with interest. Midyette sued for the full face or a $2,000 policy, the insurance company claiming overvaluation when his dairy and other property was burned over a year ago. Church vs. Church, in which one branch of the North Carolina Conference of the negro Free Will Baptist church was suing another branch in a matter of property, was non-suited, the court holding that the property rights vest in the present conference. This case was an involved one, and had been on the docket for several years.

Roby Broadus, an employe of the Kinston Manufacturing Company, was badly hurt at the company's lumber plant, and several fingers had to be amputated. Broadus had his hand caught in a chain belt, and the member was badly mangled.

PLAY FOR CHARITY.

Members of House Will Play Ball Saturday—The Line-Up.

Washington, June 13.—For sweet charity's sake 18 members of the House of Representatives will play baseball Saturday. The line-up, divided strictly on political lines, follows:

Republicans: Anderson, Minnesota, catcher; Miller, Minnesota, pitcher; Patten, Pennsylvania, first base; Kendall, Iowa, second base; Porter, Pennsylvania, third base; Farr, Pennsylvania, shortstop; Reyburn, Pennsylvania, left field; Ames, Massachusetts, center field; Lafferty, Oregon, right field.

Democrats: Rouse, Kentucky, catcher; Webb, North Carolina, pitcher; Rauch, Indiana, first base; Cravens, Arkansas, second base; Harrison, Mississippi, third base; Scully, New Jersey, shortstop; McDermott, Illinois, left field; White, Ohio, center field; Carter, Oklahoma, right field; Edwards, Georgia, substitute.

The game will be a society affair and the receipts will be devoted to hospitals and children's playgrounds funds.

NOTES FROM ROSEBORO.

Work on Brick Store—Georgia Citizen Prospecting—Personals.

(Special Star Correspondence.)

Roseboro, N. C., June 13.—Greeted by a large congregation, Rev. J. W. Hoyle delivered a very interesting sermon Sunday last in the Methodist church here.

Miss Pearl Howard is visiting with friends and relatives at Salemburg this week.

Mr. Jesse Martin Starling, of Jessup, Ga., is in town this week on business. He contemplates the immediate resumption of the work on the large brick store, which he has under construction here, and hopes for the work to progress to completion.

Mr. L. Carter, of Jessup, Ga., was in town yesterday and day before, prospecting for the location of a bank at this place. Mr. Carter was reared near Roseboro, but left several years ago for Georgia, where he has been very successful in business.

The cool weather is damaging crops in this section very badly.

NEGRO LYNCHED

Mob Strung Up Man Who Seriously Wounded Farmer

Cordele, Ga., June 13.—An unknown negro farm hand who shot and seriously wounded E. C. Ritchie, a prominent farmer at his home in Wilcox county this morning, was captured a few hours later by a posse of neighbors of Ritchie and hanged to a tree. The negro's body then was riddled with more than a hundred bullets.

Ritchie was shot in the chest and right arm and his condition is said to be serious. The trouble arose when the farmer took the negro to task for showing up late for work.

Riding tournament, Racing and Cake Walk at Highwood Park Saturday, 2 o'clock. je 12-4t

AFFAIRS AT STATE CAPITAL

Aftermath of Wake County Primary—Goldsboro's Electric Light Plant—Two Charters Issued — Federal Court Trial

(Special Star Correspondence.)

Raleigh, N. C., June 13.—Under the special Wake county primary law there are just 432 candidates for office in the recent primaries who are now liable to fines of $200 and 30 days imprisonment each for failure to file in due time sworn statements of their campaign expenses.

There were 835 persons running for office in the whole county including both parties and all candidates such as delegates to county convention, committeemen and other positions. Only 403 of these have filed their statements of primary campaign expenses. These have to be filed even though candidates may not have spent one cent. Of those statements filed the highest is $135, by L. B. Woodall, defeated candidate for the lower House and the lowest two cents by R. H. Dixon, Chatham county, who ran for Congress in the Fourth district, having no prospect for election over Congressman Pou.

There is much interest here in the election that is to be held Monday in Goldsboro on the question of whether the town shall sell its electric light and power plant to the Carolina Power & Light Co., of this city, this company having already secured the Fayetteville, the Henderson, the Oxford, the Sanford, the Asheville and other plants and street railway lines in Eastern, Central, and Western Carolina. The company owns the Blewitt Falls and the Buckhorn Shoals power plants, bringing the current to Raleigh to a big transforming plant for commercial distribution. Editor Roscower, of the Goldsboro Headlight, here today, says the election is sure to carry for the sale of the Goldsboro plant.

One of the special features of the session today of the teacher's institute directors here, was the matter of working up in every county in the State a movement for educational exhibits for the State Fair. The institute directors agreed to bring this matter before the institutes and secure the co-operation of the public school teachers. Secretary Joseph E. Pogue, of the State Fair, addressed the institute workers. This same movement is to be used in getting together a permanent State educational exhibit that is to be maintained here in connection with the State Department of Education.

The Southern Good Roads, of Lexington, published by H. B. Varner, was incorporated today as the Southern Good Roads Publishing Co., capital $125,000 authorized and $1,200 subscribed by H. B. Varner, F. O. Sink and Florence Varner.

Another charter is for the Williamsons, Inc., Burlington, capital $200,000 authorized and $300 subscribed by E. L. Williamson and others.

Attorney General T. W. Bickett has gone to Washington on business connected with the suit of the State of North Carolina against the State of Tennessee involving the location of the State line between the two States, this State claiming that Tennessee has wrongfully taken control of a large section of mountain region.

Mr. Anirew Symes, of this city, for a number of years a clerk in the local freight offices of the Seaboard Air Line, has just been promoted to traveling passenger agent. He succeeds Mr. C. G. Poole, who becomes commercial agent for the Seaboard at Greenville, S. C.

In the Federal Court the case against R. J. Hook entered yesterday as a mistrial because of the failure of the jury to agree, an order of dismissal was made today and he goes back to Moore county farm, having located there when he came South from Lynn, Mass., some years ago. He has a wife and two children. It is expected that W. G. Averill, whom he was accused of conspiring with to defraud bondholders in the North, will be permitted to go on the payment of the costs in his case.

Los Angeles, Cal., June 13.—The respective claims of Detective W. J. Burns and Samuel L. Browne, chief of detectives attached to the district attorney's office, to some $50,000 reward money offered for the arrest, and conviction of the dynamiters who blew up The Times building are expected to become involved in the trial of Clarence S. Darrow for alleged jury bribery. Both men have employed attorneys to look after the collection of the rewards.

Lots of fun at Highwood Park Saturday. je 12-4t

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

An Invitation

To The People of Wilmington

You are cordially invited to visit and inspect the new and complete small hotel

Hanover Inn

We want you to look this over thoroughly, see the rooms, the baths, note the plumbing, visit the kitchen, store rooms, etc. We want you to convince yourself that for absolute cleanliness, comfort and convenience, we have no superior in any of the Atlantic coast resorts.

Come early as the hotel is rapidly filling with guests.

WARREN H. WILLIAMS, Manager,

Announcement

The firm of Geo. R. French & Sons, by its surviving partner, Geo. R. French, announces to the trade that he has this day admitted to membership in the said firm his nephew, William A. French, who will assume the active management of the firm.

That on and after the fifteenth day of July they will discontinue their Retail Department and devote their entire time to their Wholesale Department, thus giving the trade the benefit of an exclusive jobbing house in Wilmington.

That their entire retail stock is for sale either in bulk or by division and any proposition covering same will be considered.

That they desire the services of two first-class traveling salesmen at once.

GEO. R. FRENCH & SONS,
By GEO. R. FRENCH, Surviving Partner.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payments for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Friday, June 14, 1912.

Everybody seems to want to swat the other fellow.

A pretty wedding is one thing and a happy marriage is another.

"Beat 'em to a frazzle" is not as effective as to crush 'em to a finish.

The safest flying machine is one which is kept in the hangar for observation only.

What has become of the old fashioned little girl who used to call her grandmother "granny"?

When a debtor meanders across the street he probably sees his creditor coming down the other side.

It doesn't seem like the proper thing to feel ike a bull moose and then wind up with a call for the calf rope.

No officeholder's job is safe so long as office-seekers are at work on the outside with a jimmy and a crow bar.

The fellow who has an office looks like a pesky reactionary and renegade to a fellow who wants the office himself.

People often ask for advice just to compliment the friend who is always willing to give counsel or furnish a remedy for the rheumatism.

After the election the G. O. P. elephant will be lucky if it can hobble around and show its sore toe to the stall fed Democratic animule.

The impact of a Rough Rider with a Steam Roller shows what happens to a small force when it comes into contact with an irresistible force.

A man who attributes his success to his wife would consider that his neighbors were talking about him if they would saw the same thing about him.

The noise made by the Seven Governors was mistaken for "the voice of the people." The likes of them could be found only in the Toodle Street Tailors.

The Rough Rider declares he wants "justice, no more than justice." Well, isn't the National Republican Committee meeting it out to him as fast as it can?

Teddy has declared for woman suffrage, but he will never get the vote of Mrs. Minor Morris if Senator Tillman can remind her of what happened to her at the White House when the Rough Rider was President.

We thought at one time that the politicians, so far as it was in their power, had framed it up to nominate Governor Harmon, but if there was anything in this we are afraid that they now see that it is an impossibility.—Durham Herald.

Vice President Sherman is modestly trying to keep out of the limelight, but a Republican is mean enough to say that "he is the vermiform appendix of the party." Sunny Jim need not get worried over that. Taft is accused of murdering the party.

"I am a Democrat," the late David B. Hill was wont to declare. He was read out of the party by men whose skulls were full of Populism, but the New York statesman went on being a Democrat till he died. Those who read him out were without the proper jurisdiction.

The matter of trying to get the A. C. L., to come to Newbern from the north was sidetracked last night at the Chamber of Commerce meeting by the street railway discussion. We hope, however, the Chamber of Commerce will soon hold a meeting to discuss this most important matter.—Newbern Sun.

SUFFERING FOR ITS SINS.

Only five days more remain till the National Republican convention will assemble in Chicago to nominate a candidate for President. In the meantime the contest between Roosevelt and Taft for the nomination has centered in the National Republican Committee which met in that city a week ago today for the purpose of hearing contests. There were 254 contests in all, the largest number ever sent up to a convention. Up to Wednesday 142 contests had been settled, the result being that 141 delegates have been given to Taft and only one to Roosevelt.

To say that the Colonel and his friends are furious is not half expressing it. Roosevelt has remained at Oyster Bay in direct telegraph communication with the National Committee and he keeps up closely with everything that has been done. Of course, nothing has been done for him, and consequently he has writhed under the steam roller, perfectly helpless with the exception of preparing and publishing fiery statements denouncing the National Committee, characterizing its action as thievery and fraud, and declaring that it is "murdering the Republican party."

According to the dispatches published in yesterday's Star, the fight has reached a sensational stage in Chicago. All sorts of contingencies are possible and the talk there is of bolting and disruption of the Republican party. Both sides are threatening to bolt, whether the nominee be Taft or Roosevelt, while the situation is said to be so tense that it is feared that there will be rioting when the National Convention assembles next Tuesday.

What is all this row about? Why is a political party with about fifty years of power so torn asunder that it is about to be split in two parts? The first reason is that the party has been unfaithful to the people of the Republic. It had been allied with special interests and monopoly so long that it finally has faced popular revolution. In the 1908 campaign it made promises of relief and then flagrantly violated them, thus breaking faith with the people. There is no better proof of that than that millions of Republican voters are so resentful that they prefer a third term candidate to the one term President who permitted the party to deliberately deceive the people—Republicans and all.

The situation finds the Republican party convulsed and disorganized on the eve of a Presidential election. The two wings of the party are almost equally divided and there is such a wide difference between them that we can not conceive how they can get together either now or in the future. That much comes from betrayal of the people by a trust ridden political party, and whatever is done at Chicago and whoever is nominated there, it remains for patriotic Americans of all parties to get together and repudiate it for its treachery or third termism—either one or the other, or both.

While the trouble of the Republican party has been the direct result of its betrayal of the cause of the people, its disorganization and disruption has been brought about by third termism. The ambition of former President Theodore Roosevelt has plunged his party into ruin. It would have been bad enough had he not become a candidate for the Republican nomination, but his ambition could not resist the opportunity afforded by the bitter disappointment, disgust, and resentment of the people. He precipitated a fight that has disgraced the Nation and disgusted the world, and the American people will not be true to themselves if they do not repudiate him for that and repudiate his party for its crime against the masses who have been burdened by it for the enrichment of its tariff beneficiaries.

There is talk of a "dark horse" at Chicago, but it will make no difference if one is trotted out. He will head the same old piebald party which has deceived and betrayed the people, debauched the Nation, and will again get together for plunder of the masses that capital may be guaranteed a profit at their expense.

The Republican party is guilty of wronging and outraging the people and its tortures are because of its sins. No man who is true to himself or who loves the Nation ought to be sorry to see it meet its doom in Chicago next week.

SOUTHERN OPPORTUNITIES

There are vast opportunities in the South to be taken advantage of, and when we begin to make a study of them we will be on the right track. We can see these opportunities more readily when we begin to look around us, and it is time that we were getting together and pointing out to each other our chances for development and achievement.

Texas has a Welfare Commission which is undertaking to do work along the right line, such as might be done by the proposed State Chamber of Commerce in North Carolina. From the Houston Chronicle we learn that the Texas Welfare Commission, of which Judge R. C. Duff, of Houston, is chairman, is engaged in a movement to learn how best to promote the material welfare of Texas. That organization is holding a session in San Antonio this week and is making a special study of the cattle and sheep industries.

The discussion by the Welfare Commission is along the line of the best plan to develop those great industries and make the most of them. The 1910 census showed that there were in Texas that year 6,721,502 cattle, 1,758,084 sheep, and 1,077,217 goats. At present Texas ships most of her cattle, sheep and goats on the hoof to Kansas City, Omaha, Chicago and other packing house cities. Of course, a limited number are slaughtered at home, but most of that great product of Texas is sent away from home to be converted into the finished product.

The question is why does not Texas, with all this material right at home, convert it into the finished product in the State where it is produced? Why are not the millions of hides of Texas cattle, sheep and goats tanned in Texas? Why is it that Texas does not convert her hides into leather and manufacture shoes, harness and leather goods of every description?

We should say that Texas ought to utilize these products at home, and it is a good idea that the Texans are seriously considering this matter. We agree with the Chronicle that it is not economically necessary for Texas cattle raisers to ship uncured hides East to be tanned and made into shoes, harness, etc., then shipped back to Texas to be worn and used, thus making the people of that State pay ten or more times the value for the finished product than they receive for the raw material.

At its meeting the Texas Commission discussed what can be done to bring about the establishment of tanneries, leather factories and allied industries in Texas. Since the State is a great producer of wool, one of the questions also discussed was: "What stands in the way of establishing a profitable woolen cloth industry in Texas?" It stands to reason that Texas ought to spin the wool where it is produced and it ought to make the cloth where the wool is spun.

The Star has often urged that wherever there is an abundance of raw material of any kind the opportunity exists right there to manufacture it into the finished state. Let us quit shipping our raw material at low prices, but manufacture it ourselves and get the higher prices that finished products bring in the markets.

We ought to manufacture all our cottonseed products and turn them into finished products in the South. We ought to utilize all our cottonseed meal, hulls and fertilizers at home. The bi-products of our cotton oil mills constitute the richest cattle feed known in the world and we ought to feed it to cattle at home, produce our own beef at home, and make butter and cheese enough to supply ourselves and half the people of America.

What is said of the opportunities for the manufacture of any Southern raw materials can be said of all of them. Let us stop to consider that we are neglecting fine opportunities when we ship our raw materials away to be utilized by others.

MAKING MATTERS RIDICULOUS.

Quite a discussion has arisen in the newspapers on the part of editors and the adherents of Governor Kitchin and of Senator Simmons over the hasty criticism passed by Governor Kitchin on the State Democratic Convention because it endorsed Senator Simmons along with North Carolina's other representatives at Washington. It is quite ridiculous for any one Democrat in the State to presume to dictate what the State Democratic Convention shall do or not do. It is made all the more absurd in the case of Governor Kitchin, because in endorsing his State administration and the service of the Democratic delegation at Washington, the convention was only following a precedent established many years ago.

After the State convention has done its work, Governor Kitchin has been joined by some of his supporters in his assault upon the constituted Democratic authority of the State. In the Greensboro Record a few days ago, the Hon. A. L. Brooks took up the cudgels for the Governor and joined in the criticism published broadcast by the Governor. Mr. C. A. Hines promptly replied to Mr. Brooks, and in his article in the Record he quotes from the Democratic platforms for years, showing that the convention was only doing what it had always done. We quote here from the platforms and resolutions adopted by several conventions:

1906: "We endorse the wise, patriotic and able administration of our State's affairs by Governor Robert B. Glenn and the other State officials and we point with pride to the record of our Senators and Democratic Representatives in Congress, and endorse the same."

1908. "We endorse the able and progressive administration of Governor R. B. Glenn and the other State officers, and we approve and commend to the people of North Carolina the record of our Senators and Representatives in the Congress of the United States."

1910: "We commend and approve the administration of Gov. W. W. Kitchin, and the other State officials, and commend and approve our Senators and Representatives in Congress for their activity in behalf of the people of North Carolina."

1912: "We heartily endorse the record of our Senators and Representatives in the Congress of the United States, and the administration of our State's affairs by our Governor and other State officers."

The above shows that the endorsement at Raleigh last week was practically the same that the conventions have always given Democratic administrations and those representing the party in high positions. The party could not afford to have ignored a plain duty in order to have helped the ambition of any man in the party. It is unreasonable for any man to have expected it to do such a dangerous thing.

CURRENT COMMENT.

The Wilmington Star says: "The Washington Post compares Roosevelt to Caesar. No comparison at all. Caesar is dead as Hector and the Colonel is a live Indian." He will soon be a dead dog, however. Wait until next week.—Newbern Sun.

The Spartanburg Journal says: "Besides trying to boss Congress, both conventions, the Methodists and Presbyterians, W. J. Bryan is now working to boss all the newspapers of the country. He wants every paper to carry the names of the owners and editors on the first page." And would it not also be a good idea to put on the first page the names of the owners of the editors?—Jacksonville Times-Union.

Just so. The Wilmington Star, in repeating the old-time advise to hold on to that which is good, says: "Champ Clark is full of wisdom and is bloated with wariness and discretion. While he thinks he has a showing for President, he is going right on running for the same seat which he now holds in the House of Representatives." Speaker Clark isn't the only one. It strikes us that a couple of object lessons in political wisdom might be routed out in North Carolina, were the woods shelled in the right direction.—Charlotte Observer.

Governor Kitchin has been laboriously striving to show that Senator Simmons has gone back on the Democratic platform. Since the new Democratic platform in this State endorses the record of Senator Simmons, and since Governor Kitchin announces that he will continue to attack the Simmons' record, it would seem to us that the Governor is convicting himself of the very charge he makes against Senator Simmons. The same impression is held by the Concord Tribune, which says in this respect: "The Democratic State convention placed its seal of approval on the record and course of Senator Simmons. It places this seal of approval in the platform. Gov. Kitchin says Senator Simmons has not been true to the Democratic platform. The Democratic party in convention assembled commends his course. If Gov. Kitchin persists in his course of attack on the Senator he will place himself in the very hole he has digged for Simmons."—Charlotte News.

It is doubtless immaterial to J. G. Anderson, of Rock Hill, whether or not he gets credit for having accomplished something for the holders of 1911 cotton through his indefatigable efforts in pressing the Rock Hill plan. The facts are that his plan was generally indorsed throughout the South as the best, indeed the only practical, business plan suggested for the accomplishment of the desired end. Also that Mr. Anderson took hold in South Carolina and then carried the organization into other States, paying out of his own pocket, according to the Rock Hill Record, $2,000. That cotton advanced more than five dollars a bale, in the face of a crop above 16,000,000 bales, and before the lateness of the season could have bearing on the market, is probably sufficient reward for Mr. Anderson. However, Commissioner Watson attributes this advance to the Rock Hill plan, and Mr. Anderson is entitled to the reward of credit. The important thing is that Mr. Anderson was willing to give his time and money in the attempt to do a work for the benefit of all. For the Lord sake give encouragement to that sort; there are few in the class.—Columbia State.

DEATH WAS ACCIDENTAL.

Representative Wickliffe Couldn't Hear Train That Killed Him.

Washington, June 13.—Accidental death was the verdict returned today by the coroner's jury which investigated the death of Representative Robert C. Wickliffe, of Louisiana, killed by a railroad train here Monday. Representative Wickliffe was deaf in one ear and the testimony tended to show he was struck by a southbound train while watching one northbound. One witness testified that Mr. Wickliffe narrowly escaped being run down by a nearby trolley car just before he was struck by the locomotive.

JUMPED SIX STORIES

Brooklyn Girl Committed Suicide Because Sweetheart Wouldn't Write

New York, June 13.—Bertha Kininski, a young girl bent on suicide, today jumped from a six-story building in Brooklyn. She landed on her feet and although her back was broken she walked some distance before she dropped unconscious. Miss Kininski was taken to a hospital where she died a few minutes later. An examination showed that the patient had died from a broken back. It is said the girl killed herself because her sweetheart, said to be a Brooklyn youth of good family, had gone away a short time ago and failed to write.

Man Coughs and Breaks Ribs.

After a frightful coughing spell a man of Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonsful ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today if I had not used this great remedy." It's guaranteed to satisfy, and you can get a free trial bottle or 50-cent or $1.00 size at R. R. Bellamy.

SAVE THE BABIES

One Out of Every Nine Dies That Could Be Saved

Cleveland, Ohio, June 13.—Out of every 9 babies born in cities one dies, and most of these could be saved, according to the statement of Wilbur C. Phillips, secretary of the Child Welfare Commission of Milwaukee, in discussing a community plan for infant welfare work before the National Conference of Charities and Correction here this morning.

Mr. Phillips proposed the organization of health education centres, providing for the correlation of the social service of the community, to the end that mothers may be properly cared for and instructed before the birth of children, and babies properly supervised after birth. He contended that such service can be furnished in the average community at the rate of six dollars per year for each mother and babe. He estimated the actual cost to parents in Milwaukee of rearing babies to the average age at which they die, or about four months, of paying cost of confinement, clothes, baby carriage, high-chair, layette equipment, doctor bills, medicine, etc., as not less than $120 each, and that the actual cash loss represented by one dead baby therefore would purchase medical and nursing supervision and care for twenty babies for one year.

Charlotte, N. C., June 13.—The Charlotte club (Carolina Association) announces the purchase of Fred Miller, left hand pitcher, from the Montgomery club (Southern League). Miller will report to the Charlotte management tomorrow.

Cool and Pleasant.

Patrons of the Grand Theatre are enthusiastic when speaking of the delightful cool and pleasant auditorium. **

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug—othine, double-strength, which is uniformly successful in removing freckles and giving a clear, beautiful complexion that is sold by any first class druggist in the city of Wilmington under an absolute guarantee to refund the money, if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask any first class druggist in the city of Wilmington for the double-strength othine; it is this that is sold on the money back guarantee.

REGULAR MEETING YESTERDAY

Little of Importance Came Up at the Monthly Session of Chamber of Commerce—Attendance Was Not Large

Rather sparsely attended and marked by no business or discussions of great importance, the regular monthly meeting of the Chamber of Commerce was held yesterday afternoon in the rooms of the chamber. In the absence of Mr. M. J. Corbett, the president, Mr. L. E. Hall, vice president, presided; and the secretary, Mr. Howard B. Branch, kept a record of the proceedings.

The Chamber gave an enthusiastic endorsement to a project to establish a canning factory in Wilmington, the matter being put before the body in a speech by Mr. J. Sig Zulawski, who is promoting the enterprise. The matter had previously been put before the Committe on Manufacturing Enterprises and that body reported it to the Chamber with its endorsement. The endorsement was read by Secretary Branch yesterday and he stated that Mr. Zulawski was present and would be heard. Mr. Zulawski declared that his purpose in coming before the Chamber was only to get its endorsement if possible; or to ascertain whether the Chamber is anxious to get this kind of enterprise for the city. He outlined briefly the prospects for a canning factory for this section and declared that they were very bright, as told in another column in today's issue.

At the conclusion of Mr. Zulawski's remarks, Col. J. VanB. Metts, a member of the executive committee of the Chamber of Commerce, stated that everyone who had given the matter any thought could readily see that this section has long needed such a plant and that it would be of great benefit to the farmers in giving them a place to dispose of their surplus crops. Mr. Metts moved that the Chamber give the enterprise its hearty endorsement and also lend it such support as would be possible. The motion was seconded and carried unanimously.

Secretary Branch read a letter from Mr. Morgan B. Spier, division commercial superintendent of the Southern Bell Telephone Company, relative to the service in Wilmington, of which there was a complaint at the last regular meeting of the Chamber. In his letter Mr. Spier called attention to the fact that recently two representatives of the division office have visited Wilmington and that on both occasions the service appeared to be normal and the work of the office handled in an efficient manner. He also pointed out that the severe storm of June 6th caused some trouble in the service and that it was impossible to remedy all cases the first day, but that they were given the necessary attention the next day. Other than this he did not think there had been any occasion for complaint recently.

Mr. Spier assured the body that the Southern Bell was making every effort to render an efficient service in Wilmington and he declared that any unsatisfactory condition which is brought to the attention of the company will be corrected as soon as possible.

On motion of Mr. H. Lacy Hunt the communication was referred to the telephone and telegraph committee.

Mr. Hall then stated that the Chamber had received from the Chamber of Commerce at Southport a communication in which it was stated that the depth of water at the Quarantine Station in the harbor was not sufficient to meet the needs of commerce and asking that the Wilmington Chamber co-operate with them in placing the matter before the State's representatives in Congress. The request from Southport, he said, was accompanied by a blue-print which showed the water at the Quarantine Station to be of a depth from 19 to 24 feet. Mr. Hall explained that the Chamber had communicated with Maj. H. W. Stickle, the United States Engineer here, and that he had furnished a blue-print showing the depth of the water at the quarantine station to be from 24 to 29 feet. In view of the difference of figures Mr. Hall stated that the executive committee felt that it would be best to refer the matter to the Shipping and Commerce Committee, for investigation and report, before taking any official action upon it.

The following resolution was offered and adopted:

"Whereas, the Wilmington Chamber of Commerce has a request from the Chamber of Commerce of Southport in regard to the inadequacy in depth of water at Quarantine Station, and whereas, it appears through correspondence with the United States Engineer office of this district that there is an apparent discrepancy in depth of water as shown by blue-prints furnished by the Chamber of Commerce of Southport and one furnished by the United States Engineer office, and whereas, Major H. W. Stickle, of the United States Engineer office, has always shown his interest in our port and his willingness to co-operate with us in the development of our port, now therefore, be it,

"Resolved, That correspondence and blue-prints be referred to the Shipping and Commerce Committee with the request that they go into the matter further with Major Stickle and the Chamber of Commerce at Southport, and if it then seems advisable, to put this matter again before the Chamber that it then may be taken up with our Representatives in Congress."

Mr. J. B. Mercer made a short talk, stating that it seemed time, to him, that some steps were being taken to provide ample terminal facilities for the natural increase of commerce at this port incident to the opening of the Panama canal. He declared that the need would be for municipal wharves and docks, and that the city should take some steps to acquire property while it can yet be bought at a reasonable figure.

Mr. Hunt stated that at the last meeting of the executive committee the matter was discussed to some extent and that it was decided to take the matter up with the proper committee and in the near future bring it before the City Council.

There being no further business before the body adjournment was taken.

Rehder's annual Mill-End Sale starts Monday morning at 9 o'clock. **

CONTRACT WAS AWARDED

Police Call System to be Installed by Gamewell Company—Work to Commence Within Two Weeks—Advantages.

Councilman B. C. Moore, in charge of the Department of Public Safety, yesterday awarded to the Gamewell Company the contract for installing a modern and up-to-date police call system for the city of Wilmington to cost $6,500. The agreement between the city and the Gamewell people was signed yesterday by Mayor Smith on the part of the municipality. Work of stringing the wires to commence within two weeks and the system is to be completed and in operation in about two months.

It was practically decided by Council some weeks ago that the police call system would be installed and in putting in the new fire alarm system in the downtown district provision was made in the cables for taking care of the police call system, the extra wires being connected with the City Hall. The entire city practically will be embraced in the system, as it will extend southward to Dawson street, northward as far as Nixon street, to the east as far as 17th on Market, and 12th on Castle street. It is claimed by the Gamewell people that a system of this kind enhances the efficiency of a department 70 per cent. in actual results. In addition to the call system provision is made for telephones. There are a number of features of the system. A policeman on his beat can be called in the day time by a gong started by pressing a button in the central office and at night by flash light. In case any offense is committed and the fact is communicated to police headquarters by private telephone or otherwise the officer at headquarters can get in touch with the officer on the beat in the vicinity of the crime in a few minutes and acquaint him with the information. Should there be any need for any portion or all the police officers at one time they may be called out at the same time by simply pressing buttons in the central station. Each policeman will be required to call the central station and register his number at stated intervals throughout the time he is on duty. When he calls headquarters his number and the hour is registered on a tape at the central station and this may be kept as a permanent record.

A similar system has been installed in many of the leading cities of the country and have proved highly successful. It is believed that it will materially aid the local police in the performance of their duty and will doubtless be of great assistance in rounding up offenders.

PRIZE WINNERS ANNOUNCED

Awards Made to Settlers in the Colonies of the Carolina Trucking Development Co.—Names of Winners.

The Carolina Trucking Development Company, of this city, has followed the policy as in previous years of offering a number of prizes for fine results in producing various crops in its colonies, believing that the plan encourages the use of improved methods, as well as thrift and industry. The most important prizes offered this year were for strawberries with a view to bringing out special development in the production of berries by the Kevitt system.

The Kevitt system gives a yield of from five to ten times that produced under the old system. The award of prizes has just been announced by the officers of the company. Prizes offered in St. Helena for the best acre in berries planted on the Kevitt system was competed for by more than 30 settlers and the berries were judged by two well known citizens of Burgaw, Messrs. J. J. Moore and J. B. Hand, and were allotted as follows:

First prize, $30 in gold, to G. Fornaciero; second, $25 in gold, to N. Ferro; third, $20 in gold, to C. Marcomin; fourth, $15 in gold, to V. Persighin; fifth, $10 in gold, to A. Iannelli.

At Newberlin the acreage in berries planted by the Kevitt system was necessarily smaller than at St. Helena colony, and only one prize was offered for the best half an acre. This prize of $5 in gold was won by Mr. Alex Doser.

The prize for the best acre in Irish potatoes, $10 in gold, was won by Messrs. Tinga and Vanness, on farm No. 73, at Castle Haynes.

REAL ESTATE TRANSACTION

Mr. Will Rehder Purchases City Block No. 287 For About $6,000

Mr. Will Rehder yesterday closed a deal with the Hanover Realty Co., by which he purchases, for a consideration understood to be about $6,000, the entire block bounded by Wood, Fanning, Moore and Bay streets. The block is No. 287 on the official plat of the city of Wilmington.

Though the deal was not closed until yesterday, Mr. Rehder purchased a portion of the property Wednesday afternoon. After thinking the matter over he decided to take the whole block and closed the deal yesterday morning. The property is not a great distance from Mr. Rehder's floral establishment and it is possible that he is contemplating extending his green houses. However, the realty is in a section of the city that is rapidly building up, and it is a profitable investment from any standpoint.

CHRISTAIN ENDEAVORS MEET

Annual Convention Will be Held With St. Andrew's Presbyterian Church. Opening Session This Evening.

Delegates are arriving from all parts of North Carolina to attend the State convention of the Christian Endeavor Union, which will be held with St. Andrew's Presbyterian church, beginning tonight and continuing through Sunday. Between 50 and 75 delegates are expected to be present. The general theme of the convention will be "Efficiency." There is every indication that this will be one of the most successful conventions ever held by the organization, which is non-denominational.

Some 10 or 15 delegates had arrived last night and the others are expected today. The delegates are being met at the trains by a reception committee from St. Andrew's church. This afternoon at 3 o'clock the visitors will be taken for a trip to Wrightsville Beach, through the courtesy of the Tidewater Power Company.

Refreshed from the outing at the resort the delegates will gather in Memorial Hall of St. Andrew's church for the opening session which begins promptly at 8 o'clock with devotional exercises led by Mr. Joseph Sharrock, of Wilmington. At 8:20 the convention will be called to order by the president, Rev. R. E. Steele, of Lumberton, and after the opening prayer, the visitors will be cordially welcomed to Wilmington and St. Andrew's church by Rev. Dr. A. D. McClure, pastor of St. Andrew's. The response on behalf of the convention will be made by Prof. T. G. Amick, of Elon College.

This will be followed by an address by Rev. Earle J. Harold, pastor of the Friends' Church, Greensboro, on "Preparation for Efficiency," and the closing address of the session will be made by Rt. Rev. Robt. Strange, Bishop of the Diocese of East Carolina, on "Efficiency in Unity." The address of Bishop Strange will be one of the features of the convention. After the announcements and closing exercises a reception in honor of the delegates will be given in Memorial Hall.

There will be three sessions tomorrow. The first will open at 9 o'clock with a Quiet Hour Service, led by Rev. H. C. Bowen, pastor of Dack Street Christian Church. This will be followed by the reading of communications, appointment of committees, reports of the secretary, treasurer, department superintendents, president and different societies. Rev. Dr. J. M. Wells, pastor of the First Presbyterian church, will address the convention on "Efficiency in Prayer," and Rev. Mr. Bowen will speak on "Efficiency in Bible Study." At 11:30 A. M. there will be a round table conference led by Rev. R. E. Steele, the president.

In the afternoon the visitors will enjoy an outing to old St. Philip's church on the steamer Wilmington, as guests of Capt. J. W. Harper, owner and master of the boat. Meetings will be held on the boat going down and coming back. There will be reports of societies continued from the morning session, unfinished business, election of officers, pledges for State work; address on Junior work by Miss Jessie Williams, Junior superintendent; round table discussion of "Committee Efficiency" led by Prof. Amick.

The evening session will open at 8 o'clock with devotional exercises led by Rev. Dr. Wells. At 8:30 o'clock an address will be delivered by Rev. L. F. Johnson, pastor of the Christian church, Raleigh, on "Efficiency in Temperance; a Saloonless Nation in 1920." At 9 o'clock Rev. Frank J. Mallett, Ph. D., will deliver an address on a subject to be announced later. At 9:30 o'clock there will me "hints on new lines of work," including prisons, sailors, hospitals, etc., which will be the closing feature of the session.

Sunday morning from 7:45 to 10:45 there will be a consecration service and at 11 o'clock the usual preaching service will be held. Visiting ministers will fill the different local pulpits Sunday. In the afternoon the delegates will attend the Sunday Schools.

The programme for the evening session will be as follows: 7:15, Model Christian Endeavor Prayer Meeting, led by Rev. Dr. A. D. McClure. Subject, "The Duty of Being Pleasant." Closing rally. 8:15, opening song service, leader to be announced later; 8:30, address by Dr. Mallett, subject, "The Value of the Common-place"; 9, address by Rev. T. C. Amick, subject, "Efficiency in Giving," 9:20, pledges for State work; 9:30, awarding State banner; 9:40, five two-minute talks by delegates on "What the Convention Has Meant to Me"; 9:55, closing moments led by Prof. Amick.

The officers of the Union are: President, Rev. R. E. Steele, Lumberton; vice president, Rev. A. G. Dixon, High Point; secretary, Miss Florence Ledbetter, Greensboro; treasurer, Miss Mamie Bays, Charlotte. The delegates are being entertained in the homes of members of the local societies.

THE RECORDER'S COURT

Two Road Sentences Imposed Yesterday—Few Cases

Only three cases were tried in the Recorder's court yesterday morning, but the session was an unusual one from the fact that two of the three defendants drew substantial road sentences.

"Bill" Connor, colored, was tried on a charge of assaulting one Tom Williams, colored, with a deadly weapon, towit, a revolver. It was alleged that Connor fire a number of shots at the person of Tom, who only saved himself by his agility and fleetness of foot. Connor was declared guilty and the court imposed sentence of six months on the county roads.

Lebby Lane, colored, was charged with an assault upon a female, Mary Lane, his better half. From the testimony he had evidently been attempting to regulate his domestic affairs and the conduct of his spouse by main strength and awarkdness. The Recorder imposed sentence of three months on the county roads.

One drunk was taxed the usual amount. A case against Lisbon Milton, colored, charged with the larceny of a sum of money from the Independent Ice Company, was continued until today, as were also several other cases

Rehder's annual Mill-End Sale starts Monday morning at 9 o'clock. **

TO HAVE CANNING FACTORY

Movement to Locate $50,000 Manufacturing Enterprise Here—Will be Operated on a Co-Operative Basis—Details.

A $50,000 canning establishment, to be operated on a co-operative or mutual basis, is the latest proposed addition to Wilmington's manufacturing enterprises, and with the many favorable local conditions that practically ensure the success of such an enterprise, and the endorsement given the project by the Chamber of Commerce yesterday, there seems little doubt but that the factory wil soon be erected.

Mr. J. Sig Zulawski, a well known real estate and investment man, formerly of Atlanta, but now of Wilmington, is the promoter of the company, and in addition to the endorsement of the Chamber of Commerce has already the support of a large number of local business men.

The authorized capital stock of the Mutual Canning Company, as the enterprise will be known, will be $50,000, divided into 1,000 share of $50 each. There will be ten incorporators of the company, each to own four shares. No shares will be sold to any person who is not a whoesale grocer or a farmer, and no one will be sold more than five shares. The idea is to distribute the shares among the wholesale grocers of Wilmington and the surrounding country and the farmers of the Eastern Carolina trucking and farming section. Each farmer who owns stock in the company will be an authorized agent of the corporation, having authority to buy the raw material used in the establishment, and of course, will also furnish his own products to the company, if he so desires.

It will be the purpose of the company to manufacture and can strawberry syrup and preserves, can beans, corn, raspberries, dueberries, blackberries, and to make pickles, and other similar products. Oysters will also be canned during the season, and other sea food products will be manufactured and handled.

In addition the company will maintain a factory for the manufacture of baskets, crates, boxes, etc., which will be sold at cost, plus 10 per cent. to the members and stockholders of the company. All stockholders will, of course, participate in profit from this department of the business, even though they themselves are the consumers of the products.

The plan of organization makes the jobber of Wilmington the incorporator and the farmer between Wilmington, Chadbourn and Mount Olive, the stockholder, thus accomplishing two desirable things at the beginning; first assuring the company a market for its output and reducing the cost of sale to a minimum, and second, giving it a sufficient amount of raw material to guarantee a full season's run and also reduce the cost of purchase upon raw material.

Among the articles which it is said the company could buy at a reasonably low figure, and at the same time afford the farmers a profitable market for that part of their crop which under present conditions is often a total loss, might be mentioned strawberries, from May 1st to May 20th; beans from May 20th to June 10th; English peas and tomatoes from June 10th to July 1st; cucumbers from July 1st to July 20th; July 20th to August 1st, sweet corn; and the sweet potato in September. Other articles which could be used to a profit in the factory would be asparagus and little onions, neither of which are raised to any great extent just at present, but would be if a profitable market existed. The manufacture of vinegar would also be carried on. The oyster industry also offers a promising field for development, and while the oysters in a radius of 50 miles of Wilmington are small, they are of excellent flavor and particularly suited to canning purposes.

Mr. Zulawski is confident of the success of the enterprise, and he declares that already a large number of the wholesale grocers and jobbers of the city have signified their willingness to back the project.

A Merry Donation Party.

Wednesday evening immediately after the prayer meeting service at Trinity Methodist church, a company of merry people, some from the church and some from their homes, entered the parsonage, which is next to the church. They did not stop in the sitting room, but passed on into the dining room. This unusual procedure indicated that something out of the ordinary was about to occur. When they left the dining room what at first appeared to be a mystery was perfectly clear to all. A number of packages of various sizes containing nice groceries lay on the table. In addition to the groceries, a neat little purse was presented to Mrs. Sell, the pastor's wife. After spending a few moment in social intercourse, the kind and gratuitous donors passed out and disappeared, leaving the pastor, Rev. E. C. Sell, and his family happy and full of inexpressible gratitude.

Funeral of Mr. Kennedy.

The funeral of Mr. Raymond Kennedy, who passed away at the James Walker Memorial Hospital Wednesday morning, was held yesterday at 11 A. M., from the undertaking establishment of Mr. W. E. Yopp, No. 211 Princess street. Rev. Dr. A. D. McClure conducted the services, which were attended by a number of friends of the deceased. The remains were then borne to Oakdale cemetery, where the interment was made. The pall-bearers were as follows: M. L. Starkey, W. G. Hatch, M. L. Croom, John Turner, W. A. McGowan and J. E. Winstead.

Ends Hunt for Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strenth Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at R. R. Bellamy.

DEATH OF MRS. A. D. MORISEY

Passed Away at Family Residence Last Evening—Funeral

Friends will deeply regret to learn of the death of Mrs. A. D. Morisey, which occurred at the family residence, No. 821 South Fifth street, last evening at 8 o'clock, following an illness of several weeks. The deceased was in the 27th year of her age and is survived by her husband, Mr. A. D. Morisey; little daughter, Janie; three sisters and one brother, as follows: Misses Alice Farrow, of Wilmington; Mrs. Jerry King, of Eastman, Ga., and Mrs. Joe King, Jr., of Jacksonville, Fla., and Mr. J. B. Farrow, of this city, all of whom will be remembered with tender and sincere sympathy in the hour of their sorrow.

Mrs. Morisey was a woman of abiding Christian character and of tender and lovable disposition. She was a consistent and devoted member of the Church of the Good Shepherd.

The funeral will be held from the family home this afternoon at 4 o'clock and will be conducted by Rev. Thos. P. Noe, rector of the Church of the Good Shepherd, assisted by Rev. J. P. King, pastor of the Second Advent church. Interment will be in Bellevue cemetery.

St. Andrew's Takes First Game.

By the failure to show up yesterday afternoon, the Episcopalian team in the Sunday School League forfeited the first game of the second series to the St. Andrew's Presbyterian church nine. This afternoon the Fifth Street Methodist lads will cross bats with the Presbyterians. The game will be called at 3:30 on the Parsley diamond at Hilton. Admission is free and the public is cordially invited.

The British steamer Celia, Capt. Anderson, which has been here for some time discharging nitrate of soda, cleared and steamed yesterday for New York, with part cargo of nitrate of soda. Messrs. Heide & Co., are agents for the vessel.

The Standard Oil tug Astral, cleared and steamed yesterday for New York, towing barge No. 92.

Coming to Convention.

Yesterday's Lumberton Robesonian: "Tomorrow morning a number of delegates from the Lumberton Presbyterian Christian Endeavor Society will leave to attend the State convention in Wilmington. Rev. R. E. Steele, pator of the Presbyterian church, is the State president, and will preside over the session. The local society pays the expenses of three delegates and in addition will send seven others. The delegates elected are Rev. R. E. Steele, J. P. Russell, Chas Randall, Rufus Sanderson and Misses Marjie Russell, Jennie Russell, Louise Steele, Lucy Smith, Ruth Norment and Flora Prevatt. An excellent program has been arranged and it is expected that the Wilmington convention will be one of the largest and most helpful ever held in North Carolina."

—Mr. John A. Arringdale, a former citizen of this city, is spending a few days in the city, a guest at The Orton, and has been most pleasantly greeted by many friends.

Rehder's annual Mill-End Sale starts Monday morning at 9 o'clock. **

HARVEST WEEK

FOR THE WATCHFUL SHOPPER.

GAYLORD'S

210—212—214 NORTH FRONT STREET.

SOCIAL & PERSONAL

Mrs. A. T. Murray, of this city, is visiting her parents at Bruce, Va.

* * *

Mrs. O. W. Belvin, of Raleigh, is the guest of her son, Mr. C. H. Belvin, of Carolina Place.

* * *

Miss Almeria Stevenson will leave this morning for Spray, where she will visit her aunt, Mrs. Almeria Gordon.

* * *

Mrs. T. W. Weaver and children left yesterday afternoon for Waycross and Atlanta, Ga., to visit relatives and friends.

* * *

Miss Dena Gore and Miss Fannie Brooks left the city yesterday afternoon for Chadbourn, N. C., and will visit friends and relatives at Loris, S. C., and other points, being away several weeks.

* * *

Mrs. M. H. Bowler and daughter, Miss Mabel, of Sanford, Fla., are in the city on a visit to Mrs. Herbert F. Wilder. Chesnut and Third streets. They formerly lived here and have many friends in the city.

* * *

Mrs. Joseph D. Smith, wife of Mayor Smith, and daughter, Miss Alice Reston Smith, and son, Master Marion Smith, left yesterday for Lemon Springs, Moore county, where they will spend some time.

* * *

Mr. H. L. Fennell and family have moved to their suburban home, Arcadia, at Wrightsville Sound. Miss Mary Hardison, of Rocky Mount, is expected to arrive in a few days to visit Miss Charlotte Fennell.

* * *

Mrs. A. F. Bowen, of Raleigh, who came here to attend the wedding of Mr. R. S. Rose and Miss Cornelia Woodward, celebrated Wednesday evening, returned home yesterday morning. The bride is Mrs. Bowen's sister.

* * *

Lumberton Robesonian: "Mrs. P. S. Kornegay and infant daughter went Tuesday to Wilmington, where they will spend several days. They will also visit Wrightsville Beach. Mr. Kornegay, who is traveling, will join them at Wilmington."

* * *

Yesterday afternoon's Charlotte Chronicle: "Mrs. Walter S. Liddell will entertain the members of the Mecklenburg County Committee, Colonial Dames, at her home on East avenue, Friday afternoon, at 5:30 o'clock, to meet her charming guest, Mrs. Allan Nichols, of Wilmington, who is expected to arrive tonight from Concord."

* * *

Mr. W. B. Beery returned to the city last night after spending the week-end with his wife at Seven Springs, N. C., where she is spending the Summer for the benefit of her health. Mrs. Beery's many friends will be glad to learn she is rapidly improving now. Mr. Beery was accompanied by Miss Emman Hardy, who will spend some time as the guest of her cousin, Miss Beulah Beery.

* * *

Yesterday's Raleigh News and Observer: "Miss Margaret Armfield, of Statesville, and Misses Gladys and Mildred Yates and Lucile Johns, of this city, left yesterday for Wilmington, where they will visit Mrs. J. T. Cheatham.——Miss Elizabeth Johnson left yesterday for Wadesboro to visit Miss Shepherd Weeks for several days. From there she will go to Wilmington to visit Miss Janie Meares and then to Wrightsville Beach, where she will spend most of the Summer."

* * *

A recent issue of the Wilson Daily Times says: "The graduating song recital by Miss Carrie Bowen, of Wilmington, took place Thursday evening in the college auditorium. The audience was large and appreciative and consisted of the culture of Wilson. Miss Bowen has a fine stage presence and is well poised. She certainly acquitted herself with credit showing the effect of study and that he work had been properly directed. The selection from "Sampson and Delilah" and the recitative and aria from "La Favarita", were well adapted to her rich dramatic voice, while the group of Spring flowers and the Schubert songs were interpreted in a more lyric style, well suited to their sentiment. Miss Bowen has endeared herself to the people of Wilson, having sung in the different churches from time to time and we shall be sorry to see her leave our midst. She will probably continue her studies in Cincinnati, the coming year. She carries with her the congratulations of the citizens of Wilson, who wish her God-speed and continued success in her profession."

PERSONAL PARAGRAPHS.

—Mr. J. W. Russ, of Makatoka, N. C., was a visitor to the city yesterday.

—Messrs. A. S. Copeland and T. W. Mewborn, of Kinston, were among last evening's arrivals at The Orton.

—Messrs. F. F. Dickson, G. W. Stevens and D. G. Robeson were among last night's arrivals at The Orton.

—Among the arrivals at The Southern yesterday were A. J. Barbour, Cerro Gordo; W. B. Roberts, Tabor; A. T. Clark, Bolton; Mr. and Mrs. A. D. Pittman, Whitaker; W. T. Norris and P. H. Sears, Teachey; W. N. Kenney, Lexington; J N. Swindell, Reidsville.

—Capt. H. C. Lacy, superintendent of the Federal cemetery at Raleigh, arrived in the city yesterday and will be here till next Wednesday. Capt. Lacy was formerly superintendent of the National cemetery at Wilmington and he has here a host of friends who are glad to see him.

—Hon. H. L. Godwin, of Dunn, was among last evening's arrivals at The Orton, having arrived from his home where he has been spending a few days. While here Mr. Godwin will arrange to have his interests taken care of in the Congressional primary, which is to take place next Tuesday.

—Among yesterday's guests at The Orton were J. M. Baggett, W. A. Smith, Jas. W. Smith, Albemarle; H. H. McLean, Farmville; S. B. McDearman. Misses Mattie Ford, Lyda Russell, May Formyduval, Whiteville; E. M. Pegram, Gastonia; A. F. Hartsell, Concord; E. L. Niven, Waxhaw; Mr. and Mrs. Henry Banks, Miss Margaret Banks, LaGrange; L. C. Kerner, Henderson; W. A. Cochran, Troy; J. K. Council, Wananish; Mrs. S. A. Wooten, Mt. Olive.

LOCAL DOTS.

—The regular monthly meeting of Cape Fear Camp, No. 254, United Confederate Veterans, will be held this evening at 8 o'clock in the W. L. I. armory.

—The Daughters of Rebekah, the woman's branch of Odd Fellowship, will conduct an excursion to Carolina Beach today. The steamer Wilmington will make two trips to the pier, leaving at the usual hours, 9 A. M. and 2:30 P. M.

—Lumberton Robesonian: "Rev. Father Gallagher, of Wilmington, will conduct services for the Catholic congregation at the opera house Sunday morning at 7 o'clock. At 4 o'clock in the afternoon, following Sunday School exercises, Father Gallagher will lecture on 'What Catholics Believe.' Public cordially invited."

—The fire department answered an alarm from box 61 yesterday morning at 11:40, extinguishing a small blaze on the roof of the kitchen at the home of Mr. Austin Sexton, on Ninth, between Dock and Orange streets. It is presumed that the fire started from a spark from the chimney. Damage did not amount to more than $10.

—The regular weekly shoot of the Wilmington Gun Club will be held this afternoon at 4 o'clock on the grounds at 17th and Castle streets. Owing to the fact that no shoot was held last Friday on account of the weather, the members are entitled to shoot double the usual number of times today. The shoot is one of a series for the DuPont trophy.

—Charlotte Chronicle: "Mr. Frank F. Jones, who has been successfully conducting a typewriter business here for the past 12 years, has disposed of his business to the Remington Typewriter Company, for which he was agent, and will hereafter devote his attention to the real estate business. It is stated that Messrs. E. F. Keplinger, of New Orleans, and N. T. Sendafur, of Wilmington, will be in charge of the new Remington agency, which will be one of the largest in the South."

—Lumberton Robesonian: "Rev. Robert Strange, D. D. LL. D., Bishop of Eastern North Carolina, assisted by Rev. Thomas P. Noe, rector of the Church of the Good Shepherd, Wilmington, conducted a service of evening prayer at the Presbyterian church Tuesday night. Bishop Strange preached a sermon of marked beauty and power on the text, 'We Are Saved by Hope,' to a good congregation. He announced that Rev. Mr. Noe would visit Lumberton frequently from now on to conduct the Episcopal service."

Sustained Fractured Skull

Geo. Carnes, a son of Rev. G. D. Carnes, a colored minister of the city, was seriously injured yesterday morning when he jumped from a moving freight train on the Coast Line yards near Eighth street and was thrown to the ground, striking the back of his head with such force that he sustained a fractured skull. He was carried to the James Walker Memorial Hospital, where an operation was performed to relieve the pressure upon his brain. It was stated last night that he was doing very nicely and that the chances for recovery are good.

..Theatrical..

The fact that the New Bijou is a delightfully comfortable place and a decidedly healthful spot, due especially to the perfect ventilation system, as well as a big amusement palace, is certainly not only being realized, but greatly appreciated by the people of Wilmington. This is attested both by the giant attendance, afternoon and night, and the many exclamations of rapture as to such. Yesterday found the cool and attractive Bijou again the mecca for amusement-lovers and a swell bunch of films greeted their visions and some of the newest and merriest of music tingled in their ears.

Today's bill is another corker, and no devotee of the "movies" can afford to go shy on seeing it. One of the star films for today is Lubin's justly celebrated "A Husband's Awakening," and all married folks, particularly newlyweds, should be certain to see it. It possesses a great lesson, and carries a big moral along with its fine entertainment. It is one of the most wholesome and in every other way pleasing films ever manufactured.

Among the other classy photoplays for today will be the Vitagraph company's freshest and very best creation, "Half a Hero". It's a giant laugh film, too, and as people like to chuckle these days, it will furnish a big chunk of enjoyment, as well as administer a fine tonic. It shows how a young fellow unexpectedly proves a hero and makes a hit. A decidedly novel scene is the elopement, combined with a rescue from a burning house.

The Grand Theatre.

"The Stern Destiny" and "Into the Jungle", a decidedly original drama, the first by Pathe and the second by the Kalem Company, will be the topliners at the Grand Theatre today, although there will be still a third of the stock variety, equally as interesting, but simply not featured.

Ralph and Gordon are both in love with Mary and the former attempts to propose, but can't summon sufficient courage. Mary understands the young man and suggests that he leave a note in the trunk of an old tree. Taking heart from this suggestion Ralph writes a message and places it in the postoffice. Gordon watches the performance and after Ralph leaves destroys part of the note and leaves the balance in the tree. When Mary reads the mutilated note the meaning has been entirely changed by the omission of the stolen half and she seems angry at Ralph's heartlessness. The next day she denounces Ralph in such scathing terms that he at once leaves for Africa. Gordon persuades the girl to marry him. Arrangements are being made for the wedding when Gordon's better nature gets the best of him; he explains how he has been unfair to his rival and volunteers to go to Africa for him. Gordon goes into the heart of Africa in search of Ralph, is bitten by a venomous snake and comes near dying but finally they both reach American land again and the girl and her lover are reunited forever.

The Grand is delightfully cool and pleasant and the music by the orchestra is a real treat within itself. No better place to spend a delightful afternoon or evening than at the Grand Theatre.

WRIGHTSVILLE BEACH

Mr. J. O. Carr and family have removed to the beach for the Summer and are occupying cottage No. 417.

Among the arrivals at the Seashore Hotel yesterday were T. J. Cottingham and A. M. Parker, Jr., of Lake City.

Mr. Bruce C. Sugg, formerly of Wilmington, but now of Greenville, N. C., is spending a few days at the Seashore Hotel.

Mr. and Mrs. J. P. Whyte have moved down to Wrightsville Beach for the Summer, occupying a cottage on the Beach Extension.

Mr. Earl Jones has as his guests at the Atlantic Cottage, Wrightsville Beach, his mother, Mrs. W. A. Jones, and sister, Miss Rebecca Jones, of Ebensburg, Pa.

Mr. Robt. Strange, Jr., who is at home from the University of North Carolina for the Summer, has accepted the position of assistant cashier at the Oceanic Hotel, and will be on duty at night.

Among the guests at Mrs. R. B. Dunn's cottage, known as "The Patch," are Mrs. Chas. Metz, and children, Atlanta; F. E. Kellogg, Atlanta; S. Inglesby, Philadelphia, and several persons from Wilmington.

Mr. and Mrs. M. L. Hardeman and Mr. and Mrs. B. S. Mills have taken a cottage at the beach for the Summer. Mrs. Hardeman is recovering from a long illness and friends will be glad to learn that she is rapidly regaining her strength.

Among yesterday's arrivals at The Oceanic were W. M. Smith, Charlotte; T. H. Raney, Chapel Hill; J. D. Moore, Elizabeth City. A few Pythians who were here for the Grand Lodge meeting are at the hotel for a few days yet, but the majority have returned to their homes.

Manager Edgar L. Hinton, of the Seashore Hotel, said yesterday afternoon that he is expecting a large party from Atlanta, Ga., today to spend some time at his hostelry. The names of one large party expected today were given in The Star several days ago. They are among Atlanta's most prominent citizens.

A party went out fishing from the Seashore Hotel yesterday morning in the sharpie, Vergia May, Capt. Wells, and will go again this morning. In the party were Mr. W. C. Carrington, Spartanburg, S. C.; Mr. S. S. Steele, Charlotte; Mr. H. B. Kennedy, Atlanta; Mr. Phoenix, Greensboro, and two or three others.

Going outside from the Seashore Hotel yesterday morning on the launch Susanna, a party of eight from Wilmington had a most successful catch of fish, getting between 200 and 300 specimen of the finny tribe. Among those in the party were Rev. M. O. Alexander, Messrs. J. R. Hanby, R. E. Blake, Alex. Sholer, Wm. Branch, John French.

After spending several weeks at Hanover Inn, Mr. H. Markley Croswell left yesterday afternoon for Houston, Texas, where he represents the local cotton exporting firm of Alex. Sprunt & Son. He was accompanied as far as Greenville, S. C., by his sister, Miss Mary Croswell, who has been the guest of Miss Etta Brand for several days.

There are four or five tents on the west side of the car terminals at Lumina and they will be occupied through the Summer by boys from the city. Among the youths enjoying camp life are Willie Mack Turner, Mack Wilson, Arthur Savage, William Monroe, Herbert Huhn, Kelly Jewell, Jr., Walter Collins, Chris Gerdes, Ernest Yopp, Russell Lord and Harry Lowenstein.

The following composed a fishing party out from the Oceanic Hotel yesterday morning in the launch Sewanee, Capt. Van Salter: D. J. Kerr, Canton, N. C.; S. Nixon Rowe and T. M. Ducket, Asheville; W. B. Owens, Rocky Mount; F. O. C. Fletcher, Asheville; E. B. Hayes, Fairmont, N. C.; J. M. Hayes and J. M. Jones, Clyde, N. C.; H. B. Kennedy, Atlanta, Ga. The party had fairly good luck, getting a nice string of fish.

Mr. George D. Parsley and bride, of Pittsburg, Pa., are spending their honeymoon at the beach, guests at Mrs. R. B. Dunn's cottage. Mr. Parsley is a former Wilmington boy, but has not lived here in a number of years. He and his bride, formerly Miss Edith H. Whitmarsh, of Pittsburg, were married June 4th. Mr. Parsley is a civil engineer and is connected with the Alleghany County Light Company, of Pittsburg. Friends have extended to him and his bride a most cordial welcome to the resort and the city.

An improvement that has been made at Lumina is a canvas awning that has been placed over the open chairs on the south veranda. This awning will serve as a protection from the afternoon sun for this section of the pavilion. In this way greater seating capacity for the afternoon concerts has been provided. Heretofore on account of the exposure to the sun, the seats on the south veranda could not be used in the afternoon. The concerts at Lumina have become so popular that all of the chairs and benches are necessary to accomodate the large crowds.

The new grandstand which has been built on the east side of Lumina is an addition that will add greatly to the attractions of the pavilion. This grandstand consists of three or four tiers of seats leading from the upper veranda out towards the ocean and extending the entire length of the pavilion. The new addition is built to take care of the large crowds that congregate at Lumina in the afternoons. It will prove especially valuable in providing accommodations for the spectators at the various athletic events that take place in front of Lumina during the season.

Winston-Salem's delegation to the Grand Lodge of Knights of Pythias was among the last to leave Wrightsville Beach for home, not departing until the 7 o'clock train last evening. The party consisted of Messrs. A. W. Schaum, A. H. Holland, O. O. Tesh, W. L. Thornton, L. W. Snyder, I. W. Grubbs and Past Grand Chancellor W. C. Crist. They came with the expectation of capturing the next meeting and they got it, although they found it a bigger job than they first supposed would be the case, several other cities having made strong bids. Members of the delegation expressed themselves as having had a most delightful time at the resort.

The telegraph office at the Oceanic Hotel was opened yesterday and will be in charge of Mr. J. A. Fountain, an experienced and most capable operator, who is also private secretary of the manager of the hotel, Mr. Jesse N. Couch. Mr. G. E. Wood, local manager of the Western Union Telegraph Co., was at the beach yesterday, to make final arrangements to begin the service, which for some reason, is begun later than usual this year. The line from the Seashore Hotel will be put in operation today and will be in charge of Mr. W. E. Pennington, chief clerk, who is just as proficient when it comes to telegraphy as he is in the hotel business, which is placing him up in the very front ranks.

It was proved last night that the Lumina souvenir dances have lost none of their attractions for the young people of Wilmington. By far the largest crowd of the season congregated at Lumina last night for the hop given in honor of the Pythian convention. About 200 couples lined up for the grand march when the souvenirs were given out. The souvenirs for this occasion were handsome stick pins with the Pythian design and decorated with ribbons in the Pythian colors. The ballroom was elaborately decorated in blue, red and yellow, these being the colors of the order, and hundreds of flags bearing the Pythian design floated over the dance floor. Specially-made decorations over the port holes formed part of the decorative scheme. The decorating was in charge of Mr. E. C. Hudson, superintendent of the gas department, who is an expert in this line as well as in the gas department.

NATIONAL CREDIT MEN.

Wilmington to be Represented at the Meeting in Boston, Mass.

Wilmington will be well represented at the annual meeting of the National Credit Men's Association, which will be held in Boston, Mass., June 18th, 19th, 20th and 21st. Mr. J. B. Rice, president of the Bureau of Credits, which is operated by the local association of Credit Men, and Mr. S. R. Kekes, secretary of both organizations, will leave tonight, and Mr. Louis E. Hall, the new vice president of the local Association of Credit Men, and Mr. H. Lacy Hunt will follow tomorrow night. One or two others may also attend. Messrs. Rice and Keyes go a day ahead in order to get to Boston in time to attend a conference of bureau or credit men Monday.

At the regular noonday luncheon at The Orton Wednesday Mr. W. M. Jacobi, vice president, who has been acting president since the resignation of Mr. L. B. Rogers some weeks ago, was elected president and Mr. Louis E. Hall, who was a director, was chosen as vice president. Capt. E. A. Metts was chosen to fill the vacancy on the board of directors.

FLEET LEAVES FOR BOSTON.

First Atlantic Division Sails From Hampton Roads.

Norfolk, Va., June 13.—The first division of the Atlantic fleet left Hampton Roads this morning for Boston. This division is composed of the battleships Florida, Delaware, Utah and North Dakota. The San Francisco sailed for Provincetown.

The second division of the Atlantic fleet which escorted the German squadron from Hampton Roads to New York, left New York today and will arrive in the Roads tomorrow. This division, composed of the battleships Louisiana, South Carolina, New Hampshire and Kansas, will take on coal here and proceed to sea with a number of midshipment from Annapolis.

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alterative extract which does *not* shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address World's Dispensary Medical Association, Buffalo, N. Y.

CHAS. FAERBER, JR.

MR. CHAS. FAERBER, JR., of 832 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and honestly did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: Always tired, my whole body in a throb, belching of gas, pain and soreness in the stomach, vomiting, constipation, could not tell what to eat or what would agree with me, and was melancholy. But after taking Dr. Pierce's Golden Medical Discovery with the 'Pleasant Pellets' it has made me a well man which is something to live for."

OCEANIC HOTEL

The Purest Spring Water is the Base of Clicquot Club GINGER ALE

NO water in the world equals the celebrated Clicquot Spring water for making soft drinks. Chemists testify to this. Coming from deep rock, it contributes largely to the famous goodness and purity of CLICQUOT CLUB Ginger Ale.

No other water will combine so perfectly with Jamaica ginger or result in so good a ginger ale. No other water in the world will take carbonic gas so readily or retain it so well.

Because of this superior water and because the ginger, sugar and fruit flavors in Clicquot are the *best*, Clicquot Club is as good a year after it is made as the day it is bottled. It is as palatable too, as it is wholesome and refreshing and it is non-astringent.

Other "CLICQUOT" Beverages with the CLICQUOT flavor and purity

Birch Beer, Root Beer, Sarsaparilla, Phosphate Orange, Lemon Sour.

COTTON MARKET LESS ACTIVE

The Opening Was at A Decline of 1 To 5 Points and Close Was Steady, Net Unchanged to 2 Points Lower

New York, June 13.—The cotton market was less active today and fluctuated within a range of 6 or 7 points, with the close steady, net unchanged to two points lower.

The market opened steady at a decline of 1 to 5 points in response to slightly disappointing cables and generally favorable early weather reports. The indications were that the gulf storm which had been the cause of some nervousness yesterday, had reached the coast over night, but had brought little more than beneficial rains or showers to the Western belt, and the opening decline reflected considerable liquidation by recent buyers, while there was also local selling on the favorable view of crop conditions. Offerings were well absorbed around the opening figures, by continued support from spot interests and the market soon stiffened up to a point over the closing figures of last night on this buying and covering of shorts, which may have been promoted to some extent by the official forecast for unsettled weather with showers in parts of the Eastern belt. The advance was checked by scattered Southern and Wall Street selling after the close of Liverpool had shut out arbitrage purchases and the market eased off to a net loss of about five points ,but rallied again in the late trading and closed three or four points up from the lowest.

Receipts, 2,191, against 6,811 last week and 1,485 last year. Today's receipts at Galveston, 717, against 127 last year; at New Orleans, 178, against 956 last year, and at Houston, 192, against 90 last year.

Spot closed quiet. Middling uplands, 11.80; middling gulf, 12.05; sales, 39 bales.

Futures closed steady.

THE LAX-FOS WAY.

If you had a medicine that would strengthen the liver, the stomach, the kidneys and the bowels, and at the same time make you strong with a systemic tonic, don't you believe you would soon be well?

That's "The Lax-Fos Way."

We ask you to buy the first bottle on the money-back plan, and you will ask your druggist to sell you the second.

It keeps your whole insides right.

There is nothing else made like Lax-Fos.

Remember the name—LAX-FOS.

WILSON FAVORED BY MAYORS.

Gaynor Good Second, While Taft and T. R. Run Dead Heat.

Utica, N. Y., June 12.—At the conference of mayors now in session here, a "Presidential preference primary" was conducted among those in attendance.

The result was: For Wilson 9; for Gaynor 6; for Harmon 3; for Clark 2; for Underwood 1; for Taft 7; for Roosevelt 7; for Hughes 2; for Debs 2.

Several of the mayors of both parties refrained from voting.

STOCK MOVEMENT WAS SMALL

The Proceedings Before the Money Trust Committee Bore Up Yesterday's Apathetic Session —Undertone Steady

New York, June 13.— The proceedings before the money trust committee and further urgent calls on our financial reserves were among the few items which bore upon today's apathetic stock market.

The stock market movement here was small in volume and largely professional, judging from the efforts to excite interest in issues of unknown merit. The undertone was more steady, however, and practically in the market leaders, Reading, Lehigh Valley, Union Pacific and Canadian Pacific, showing some support, although reacting from their best toward the close. Especial weakness in Virginia-Carolina Chemical, which later affected other fertilizer stocks, was among the few noteworthy features. The heaviness of these shares probably originated in the indifferent report submitted by the Chemical Company, thereby disposing of hopes that the former rate of dividend may soon be restored.

The purchase and speedy sale of $15,000,000 Illinois Central Railroad two-year 4½ per cent. notes, the proceeds to be applied to the purchase of Central of Georgia 5 per cent. income bonds, was announced.

A currency transfer of $1,000,000 to San Francisco, its ultimate destination being Japan, was the one notable feature of the local money market, rates otherwise being unchanged from the previous day, although tenders show a further disposition to make concessions.

The bond market was steady, with total sales, par value, of 71,568,000. United States government bonds were unchanged on call. Total sales today, 195,500 shares

DRY GOODS MARKET

New York, June 13.—The cotton goods primary markets are firmer, with demand showing a broader trend. Print cloths are higher. Retail trade continues steady and jobbers are doing a fair house trade.

Makes the Nation Gasp.

The awful list of injuries on a Fourth of July staggers humanity. Set over against it, however, is the wonderful healing by Bucklen's Arnica Salve, of thousands, who suffered from burns, cuts, bruises, bullet wounds or explosions. It's the quick healer of boils, ulcers, eczema, sore lips or piles. 25 cents at R. R. Bellamy.

PRINCETON SWAMPS YALE

Tigers Make Nine Runs In First Inning and Win Easily

New York, June 13.—With a score of 19 runs to 6, Princeton defeated Yale at American League Park today and won the baseball series of 1912.

Ten thousand partisans, about equally divided, crowded the stands and bleachers to encourage their respective teams.

Princeton won by good batting. Yale was painfully weak in her pitchers, calling five twirlers, none of whom was effective. The Blues opened with two runs in the first inning, but when the second session had been played and the Orange and Blue got through with its pounding of Hartwill, the score stood 9 to 2 in favor of the Tigers. Yale made desperate efforts to retrieve but here batsmen could not solve Lear's delivery. Four more runs was the best they could gather in the next seven innings, while Princeton added 10 to its already formidable lead.

Races Open to All.

That ulcer can be cured

Your case is no worse than what these people had.

Yet see how quickly *B.B.B.* cured them.

"I was down three years with an ulcer on the leg," writes Mrs. Marie Cooper of Mobile, Ala. "I used only three bottles of *B.B.B.* and it did me more good than fifty-six bottles of another remedy. Those who knew my condition and saw what *B.B.B.* did for me were surprised."

Mr. R. J. Irving of Center Point, Texas, writes: "I had a bad sore leg which I could not get cured. I had the best physicians; and tried various remedies. All failed until I used **B.B.B.** Now my leg is cured entirely and gives me no pain."

Miss Florence King of Atlanta, Ga., writes: "I had a very bad foot. I could not walk for six months. I spent much money trying to be cured. Since using *B.B.B.* the foot has healed up. All inflammation is gone and I can walk without pain. *B.B.B.* is the best blood Medicine I ever took."

These are only three cases out of thousands, which *B.B.B.* has cured quickly and completely after every other treatment failed.

Any good druggist will supply you with **B.B.B.** Insist on having it.

Your money back if B.B.B. fails to help you

(Continued From Page 1.)

on that committee who will not stand for steals of Roosevelt delegates like the steal in Kentucky and in California. These contests will be fought out to the finish before the Credentials Committee and it may be that we will not nominate a candidate for 10 days after the convention is organized."

Senator Dixon's declaration that the Roosevelt forces would name the temporary chairman followed reports from other sources that a conference of Roosevelt leaders had agreed during the day upon a man to oppose Senator Root. Senator Dixon would not admit this, but it was reported from other sources that Senator Borah, of Idaho, had been selected and that Mr. Roosevelt, when consulted over the long distance telephone, had agreed to the choice.

Governor Hadley, of Missouri, mentioned as the probable man for this place, had, it was reported ,approved the selection of Borah.

Senator Borah was prominently mentioned among the gossipers as a probable dark horse for the Presidential nomination. Notwithstanding positive declarations from leaders of both sides that talk of compromise was foolish and that the fight must go to a finish between Taft and Roosevelt, and the principles represented by them, there are many delegates and leaders who think that another man may win the convention's crown. Enthusiastic among these was Senator Kenyon, of Iowa, who arrived from Washington after a conference with his colleague, Senator Cummins.

"I found an amazingly strong and rapidly-growing sentiment in and about Washington for a third candidate," said Senator Kenyon. "The name of Senator Cummins is the only one suggested as having the qualifications necessary to insure the success of the Republican party."

At the Taft headquarters great activity followed the announcement of the adjournment of the National Committee after the decision in the Missouri cases. The Missouri result was communicated to the White House over the long distance telephone by Secretary Hilles and the Taft advisers were called in. Mr. Hilles would make no comment on the situation.

National Committeeman Charles Nagel, of Missouri, Mr. Taft's Secretary of Commerce and Labor, who left Chicago yesterday on the eve of the Missouri contest hearing, which he had been counted upon to present, came in for considerable criticism when the committee's action marked the first important concession of the fight for Roosevelt. Taft men on the committee, while mute for publication, said privately that Mr. Nagel's departure from Chicago had much to do with the argument in the Missouri case.

Mr. Nagel had been pressed to present the Taft side of the controversy, but had expressed a desire to be excused from participation. Several members of the committee, however, had been confident that Mr. Nagel would argue the case. Late last night when it was known that the secretary had left town some of the Taft members of the committee determined to stand by the Hadley-Roosevelt delegates. Today absolutely no one appeared to challenge Governor Hadley's presentation of the case and the Taft leaders said there was nothing for them to do but surrender.

Rumors of compromise and concession in the remaining contest fights were denied by the leaders on both sides. It is expected that the Virginia contests, in which the Roosevet forces charge that the Taft conventions were held where negroes could not attend, will be presented as a single case, but Ormsby McHarg, the Roosevelt contest manager, asserted tonight they would argue each of the Texas contests separately and that they expected to have at least 30 of the 40 Texas delegates.

Both sides continued to claim ultimate control of the convention and in this connection the Roosevelt forces definitely announced their intention to oppose on the floor the election of Senator Elihu Root as temporary chairman. They said their candidate for that place would be Senator Borah, of Idaho.

After several conferences at the Taft headquarters tonight in which Senators Penrose, Crane, Chairman McKinley and other Tafe leaders took part, the decision to put forward Senator Newell Sanders, of Tennessee, as chairman of the committee on permanent organization of the convention was confirmed. The Taft leaders say that if they control the organization they will make the temporary organization with Senator Root as chairman the permanent organization.

PORTO RICANS FOR HOME RULE

Delegates to Both Conventions Will Ask Planks Favoring Change

New York, June 12.—Porto Rican delegates to the Republican and Democratic conventions will fight for a change in the political status of the island, according to Dr. Pedro Guerrero, one of Porto Rico's six contested delegates to the Democratic National convention. Dr. Guererro had a conference today with Norman E. Mack, chairman of the Democratic National committee. At its conclusion, he said:

"We will ask the convention to adopt a platform giving Porto Rico self-government. It is our plan to have the party approve the policy of allowing Porto Ricans to elect their own Senate and Assembly, and to have the executive power vested in a governor, to be appointed by the President.

"Delegates to the Republican National convention favor the admittance of Porto Rico to the Union as a State. It is certain the majority of Porto Ricans want a change in the form of government."

INSURANCE MEN MEET.

North Carolina Underwriters in Session at Raleigh—Federal Court.

(Special Star Correspondence.)

Raleigh, N. C., June 13.—Following a recommendation made by Vice-President Robert E. Follin, who is presiding, in the absence of President C. W. Miller, of High Point, the North Carolina Underwriters' Association this afternoon passed resolutions memorializing the Southeastern Tariff Association to establish a North Carolina rating office in one or another of the most accessible North Carolina cities, through which the North Carolina rates shall be made in accordance with the established rules of the Southeastern Association, without the delay and unsatisfactory way of all this Carolina business having to be done from the Atlanta headquarters.

At present there are two branch offices for this State through which the North Carolina business has to be carried on to get the service and ratings from Atlanta. These are Wilson and Charlotte. If a North Carolina office is established, in compliance with the request being made by the North Carolina Underwriters, it is expected that it would most probably be in Raleigh, Charlotte or Greensboro.

Col. Charles E. Johnson welcomed the underwriters today, and the response was by W. B. Merrimon, of Greensboro. This afternoon James H. Southgate, of Durham, who is president of the National Association of Local Fire Insurance Agents, delivered an address which treated the whole scope of agency work and interests, and was immensely enjoyed by the eighty odd insurance men who are here attending the sessions. The association enjoyed a smoker tonight in Elks' Temple, and will be given a barbecue at the Country Club tomorrow, as the closing feature of the meeting.

Although G. W. Averill had pleaded guilty and R. J. Hook had come out of trial with a dead-locked jury, and consequent mistrial, on the charge of conspiracy to defraud through bond transactions, for fleecing Northern dealers, Judge Connor, in the Federal Court, decided this morning to dismiss the case against both parties and allow them to go, under promise to avoid in future any appearance of evil in their business dealings. Averill left at once for his home at Lynn, Mass., and Hook returned with his wife and child to his Moore county farm.

Judge Connor sent to the District of Columbia reformatory John Grantham, a 17-year-old negro, convicted of robbing the Washington, N. C., postoffice.

ROOSEVELT TO CHICAGO

Teddy Decides to Make Trip—Will Probably Leave Today

Oyster Bay, N. Y., June 13.—After talking for several hours tonight with Senator Dixon over the telephone wire, Colonel Roosevelt said that he might go to Chicago. His final decision, however, still remains in abeyance.

Colonel Roosevelt said that the delegates who were supporting him were indignant at the trend of affairs in Chicago. He was told tonight that they regarded the situation as being "a cynically open attempt on the part of the National Committee to defraud the people of the victory they have won." It was the intention of the National Committee, the colonel continued, to nominate for President the man who he said, had been repudiated by the rank and file of the Republican party. The result, as Colonel Roosevelt put it, has been a very intense feeling leading to a strong demand from the Roosevelt delegates, especially those from the Western States, that he go to Chicago.

The colonel explained that he had been told that his supporters wished his presence not because he is a candidate, but because they regarded him as the man who happened to be at the moment leading the fight for the people as a whole.

Colonel Roosevelt will go to New York in the morning. Whether he will leave for Chicago later in the day or return to Oyster Bay tomorrow night could not be learned tonight.

"I don't know what I shall do," he said. "It depends upon what I learn in the morning."

Before he retired tonight the colonel had completed his preparations for a quick departure to Chicago should he decide to go. The impression prevailed tonight that the colonel was going.

MANY REBELS KILLED.

Col. Valiente Defeats Forces of Insurrecto Generals.

Havana, June 13.—General Montegaudo, the Cuban commander in chief, reports to the government that a column under Colonel Valiente has defeated the forces of Generals Estenoz and Ivonet, at Jarahueca, killing many of the rebels. The Havana evening papers announce this as a great government victory, stating that the rebels were routed and lost many hundreds of men, and that it means a crushing blow to the insurrection.

The latest dispatches from Santiago, however, say that the reports of this engagement are greatly exaggerated, that apparently it was only a smart skirmish, five negroes being killed, with a government loss of one man wounded.

Elsewhere in the island quiet continues.

Havana evening papers assert that Colonel Ferrara, who is now on a special mission in Washington, sends word that it is the intention of the United States to withdraw the warships from Cuban waters, but dispatches from Oriente say the American ships are still actively transporting marines to the threatened points, and carrying supplies to stations already established.

Norfolk, Va., June 13.—The Virginia State Aerie of Eagles adjourned at Portsmouth today, after selecting Roanoke as the next place of meeting and electing officers. C. R. Johnson, of Roanoke, was elected president, and John W. Moore, of Manchester, vice-president. P. J. Murphy, of Richmond, and John E. Graves were elected delegates to the Grand Aerie.

Iron rust may be removed from white goods by boiling the articles in water containing cream of tartar, allowing three tablespoonfuls to a gallon of water. This will be found more effective than lemon juice and salt.

WESLEY EDWARDS CAPTURED.

Member of Allen Clan Arrested Near Lexington, Ky.

Lexington, Ky., June 13.—Wesley Edwards, a member of the Allen clan, which raided the court house at Hillsville on March 14th. and assassinated the judge, the prosecutor and the sheriff of the county, besides killing and wounding a number of others, was arrested this afternoon by Chief of Police A. B. Pettit, of Clay City, 40 miles east of Lexington, if the belief of the authorities of that place is correct.

The man who gave his name as Hathley and said he was from West Virginia, answers the description of the long sought fugitive in every particular and Chief Pettit is now waiting an answer from the Virginia authorities in regard to the prisoner. Chief Pettit received a letter Tuesday morning from Frank Wyatt, of Jackson, Ky., who knows both the Edwards and the Allens saying that Sidna Allen and Wesley Edwards were headed towards Clay City and giving him a description of the men. Pettit took the tip and watched all trains and roads leading into the city. He arrested his prisoner as he was boarding a freight train to leave Clay City.

Richmond, Va., June 13.—In the absence of more definite information, the State authorities tonight were unwilling to admit that Wesley Edwards had been captured, in view of similar reports heretofore, which subsequently showed that the wrong man was under arrest. Edwards escaped from Hillsville with his uncle, Sidna Allen, after the Allen gang had shot Judge Massie and four other persons in the Carrol county court house on March 14th. At the recent trials in Wytheville, witnesses testified that they saw Edwards firing an automotic revolver only a few feet from Commonwealth Attorney Foster, who was murdered. There is a standing reward of $1,200 for his capture, "dead or alive."

In the event that the prisoner in Powell county is really Edwards, only Sidna Allen remains in hiding. Floyd Allen, Sidna's brother, has been sentenced to die, while his son, Claude Swanson Allen, was given a 15 year term in the State penitentiary. Other members of the band are now in jail awaiting trial.

Roanoke, Va., June 13.—At midnight tonight the detective agency here which is engaged in the work of running down the Allen gang, wanted for shooting up the Carroll county court at Hillsville on March 14th, had received no information concerning the reported arrest of Wesley Edwards at Clay City.

N. C. PINE ASSOCIATION

Meets at Oceanic Hotel Tomorrow for Quarterly Business Session

The North Carolina Pine Association, with a membership composed of lumber manufacturers of Maryland, Virginia, North and South Carolina, will meet tomorrow at the Oceanic Hotel, Wrightsville Beach, for its regular quarterly business session and it is expected that there will be in attendance from 100 to 150 members of the association and mill supply and machinery men.

Mr. Horton Corwin, of Edenton, is president of the association; Messrs. R. J. Camp, of Franklin, Va.; G. J. Cherry, of Charleston, S. C., and A. R. Turnbull, of Bowdens, N. C., are the vice presidents, and Mr. W. B. Roper, of Norfolk, Va., is secretary and treasurer.

The quarterly meetings are held for the purpose of discussing such matters as pertain to the welfare of the lumber manufacturing business, and reports are heard on the condition of the market, output of mills, outlook for new business, amount of orders already on hand, oversold stock, mill surplus, etc. The June meeting is an important one from the fact that just at this season the production is at its height and the questions of production and consumption are vital ones.

President Corwin will call the meeting to order in the assembly hall of the Oceanic tomorrow morning at 11 o'clock. There is no set programme for the meeting and no stated addresses, but in addition to the hearing of reports on the above subjects and others there will be impromptu talks by different members on pertinent matters. The business of the meeting may be finished at one session or it may require several.

Though the meeting will come to an end tomorrow, many of the delegates will spend the week-end at the beach and some will remain for some time. The attendance bids fair to be the largest at a quarterly meeting in some time.

MACK DODGES QUESTION.

Friends Want Him to Succeed Himself as Democratic Chairman.

New York, June 12.—Norman E. Mack refused today to say whether he will be a candidate to succeed himself as chairman of the Democratic National Committee. His friends declare that they are urging him to stand for re-election. He declined to discuss the situation. He added that he had no appointment to meet Charles F. Murphy, the Tammany Hall leader, who is spoken of as a possible candidate for National Committeeman from New York, but might see him before leaving for Baltimore.

Among Mr. Mack's callers today was Lieut. Gov. Nichols, of Ohio, Gov. Harmon's campaign manager. Mr. Nichols, who reached here last night from Baltimore, and the National Committee chairman were closeted for nearly an hour. They declined to discuss the subject of their conference.

Two-toned straw hats are popular, the facing usually being of the darker shade.

Freckled Girls

It is an absolute fact, that one 50 cent jar of WILSON'S FRECKLE CREAM will either remove your freckles or cause them to fade and that two jars will even in the most severe cases completely cure them. I am willing to personally guarantee this and to return your money without argument if your complexion is not fully restored to its natural beauty. WILSON'S FRECKLE CREAM is fine, fragrant and absolutely harmless. Will not make hair grow but will positively remove TAN, PIMPLES and FRECKLES. Come in today and try it. The jars are large and results absolutely certain. Sent by mail if desired. Price 50c. Mammoth jars $1.00. WILSON'S FAIR SKIN SOAP 25c.

DEPOSITORS LOSE

Supreme Court Decides Against Them In Virginia Bank Cases

Norfolk, Va., June 13.—By the decision of the Supreme Court of Virginia today at Wytheville, the depositors of two failed banks, the Traders' and Truckers' at Norfolk, and the Bank of Mecklenburg, at Boydton, Va., lost in actions brought against directors of the defunct institutions for alleged neglect of duty. In both cases depositors had sued the directors on their own account. The court held that suit should have been brought by trustees and receivers, respectively, for the benefit of the trusts and that depositors had no right to sue personally until they had applied in court to have the trustees and receivers sue, and the latter had declined so to do. In the case of the Boydton failure, it was said today that the statute of limitations would prevent any new suit.

Lynchburg, Va., June 13.—The Lynchburg Baseball Association, which was last night ousted from the Virginia League, owing to the withdrawal of Danville, tonight appealed to the National Board, deciding to fight for the retention of the franchise.

BUSINESS LOCALS

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. You Will Have Something to be Thankful for When You Have Money in Our Bank.

Enough money is lost by people of this community every year to stuff all of the turkeys in the country. They lose it by being "EASY MARKS" to SMOOTH SCHEMERS who promise to "DOUBLE" your money "every year". They do "DOUBLE" your money—double it and put it in their pockets. Government bonds pay only 2 per cent. net; real estate, where you have the responsibility of ownership and loss by fire, pays only 5 to 6 per cent. How can a strange thing pay big? Don't be "DUPED". Bank your money until you can get enough together to make an investment in something you can KEEP YOUR EYES ON.

Let OUR Bank be YOUR Bank.
We pay 4% Interest Quarterly.
